

My little lamb

It's a shepherd's job to take good care of his sheep. He takes the sheep out to pasture and leads them to grassy areas where they can eat and rest and be safe.

I am like your shepherd. I came to earth to show you how to live a happy life. You are like My sheep, and if you follow Me closely and do what I show you, then you will be happy and have everything you need.

*When I follow where Jesus leads,
I am happy and have all I need.*
