

My Little Talks  
with Jesus

# I forgive your mistakes

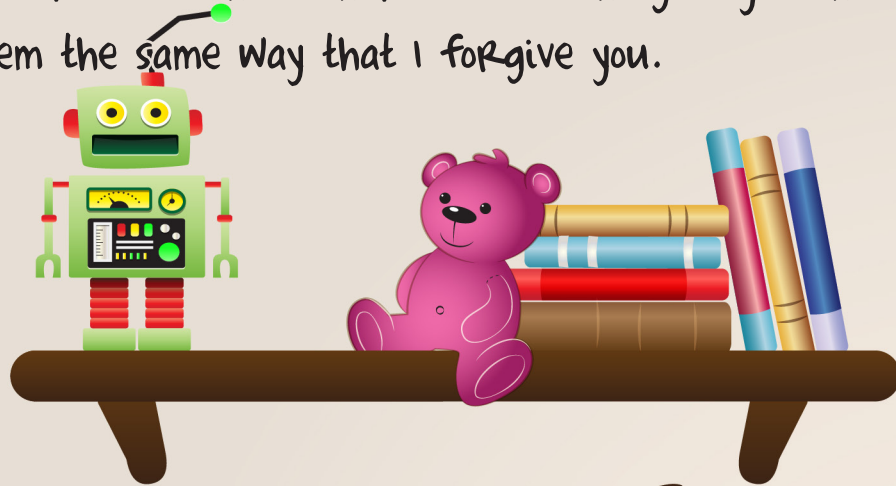

Everybody makes mistakes! I know that no one can do everything Right all the time...

...so even though I am sad when you do something you know you shouldn't, I continue to love you in spite of your mistake. I am always happy to forgive you.

It makes Me happy when you do your best to make things right. If you hurt somebody, say you're sorry and see what you can do to make them feel better. And when others do something to you that isn't nice, try to forgive them the same way that I forgive you.

*Jesus is the best there ever could be!  
He never holds things I've done against me.*
