

My Little Talks
with Jesus

Ask Me for the things you need

I want to take care of you and give you the things you need. No request is too little or too big for Me, if it's something that I know will be good for you. You can ask for things you need and also things you know other people need. I'm always there to help you.

Sometimes My answer takes a little time in coming. OR sometimes I want to surprise you with something that I know will be better for you. You can always trust that I will hear your requests and answer in My perfect way.

*Jesus likes to take care of me;
If I just ask, the answer I'll see.*
