

Your sins are gone

Isn't it fun to draw on a whiteboard? Sometimes you might make a mistake, but it is easy to erase it with a piece of tissue.

That's like what I do for you, when you sin by doing what you know to be wrong. Sometimes you will do naughty things that you know you shouldn't do, liking

hurting someone or

something, disobeying your parents,

being unkind to another person.

Afterwards, you probably feel bad, and want to do what you know to be right again.

When you are sorry for your sins, and you do your part to apologize and make Right what you did Wrong, I forgive you, and Wipe away your mistakes. Now that you've learned those lessons you can go on to continue making the Right choices.

*If I'm sorry, Jesus
wipes my sins away.
In happiness I again
begin my day.*
