

TAKE TIME TO PRAY

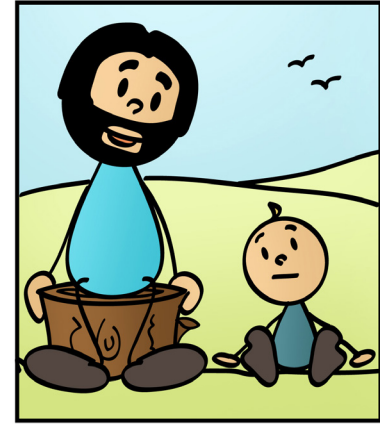

Learn how to pray,
Take time to be quiet;
And talk with Jesus;
Why don't you try it!

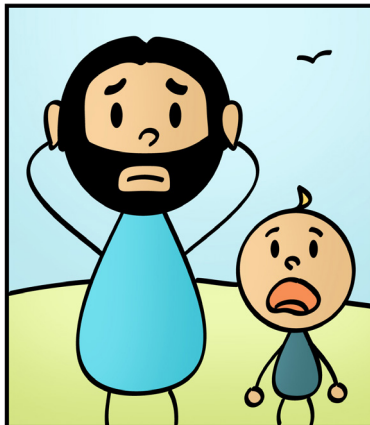

In the quiet of the night,
His voice is so plain;
You can reach right up to God
In one sweet refrain.

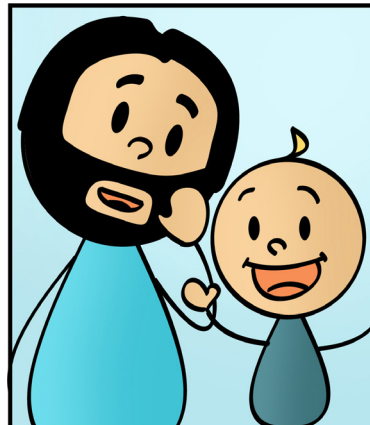

Talk with God,
Tell Him your thoughts
Then learn to listen;
You'll hear on the spot.

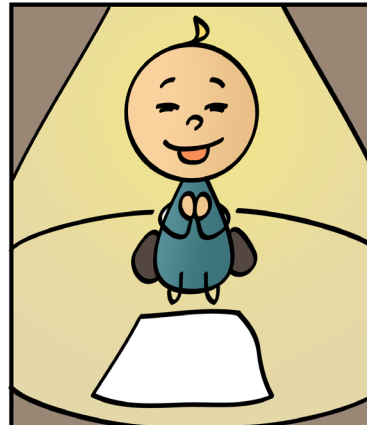

He'll talk to you;
Have faith above all.
He's never too busy,
For someone so small.

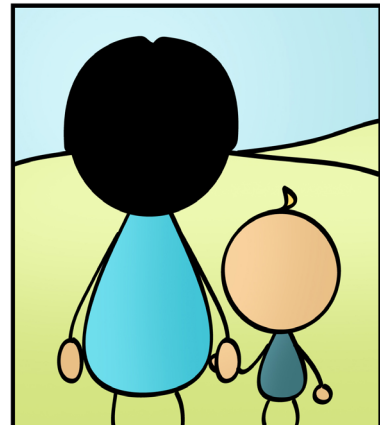

God isn't deaf,
You don't have to yell;
Just praise Him and listen
To the secrets He'll tell.

His still small voice
Whispers like a father,
Telling His children
To love one another.

Our little prayers
Are sincere that we pray,
But we have to pray harder
If big problems block our way.

Then wait for the answer,
It's surely on the way!
For wholehearted prayers
Get answered every day!
