

Who Is God? **God Is Powerful!**

**Yours, O LORD, is the greatness,
The power and the glory.**

(1 Chronicles 29:11 NKJV)

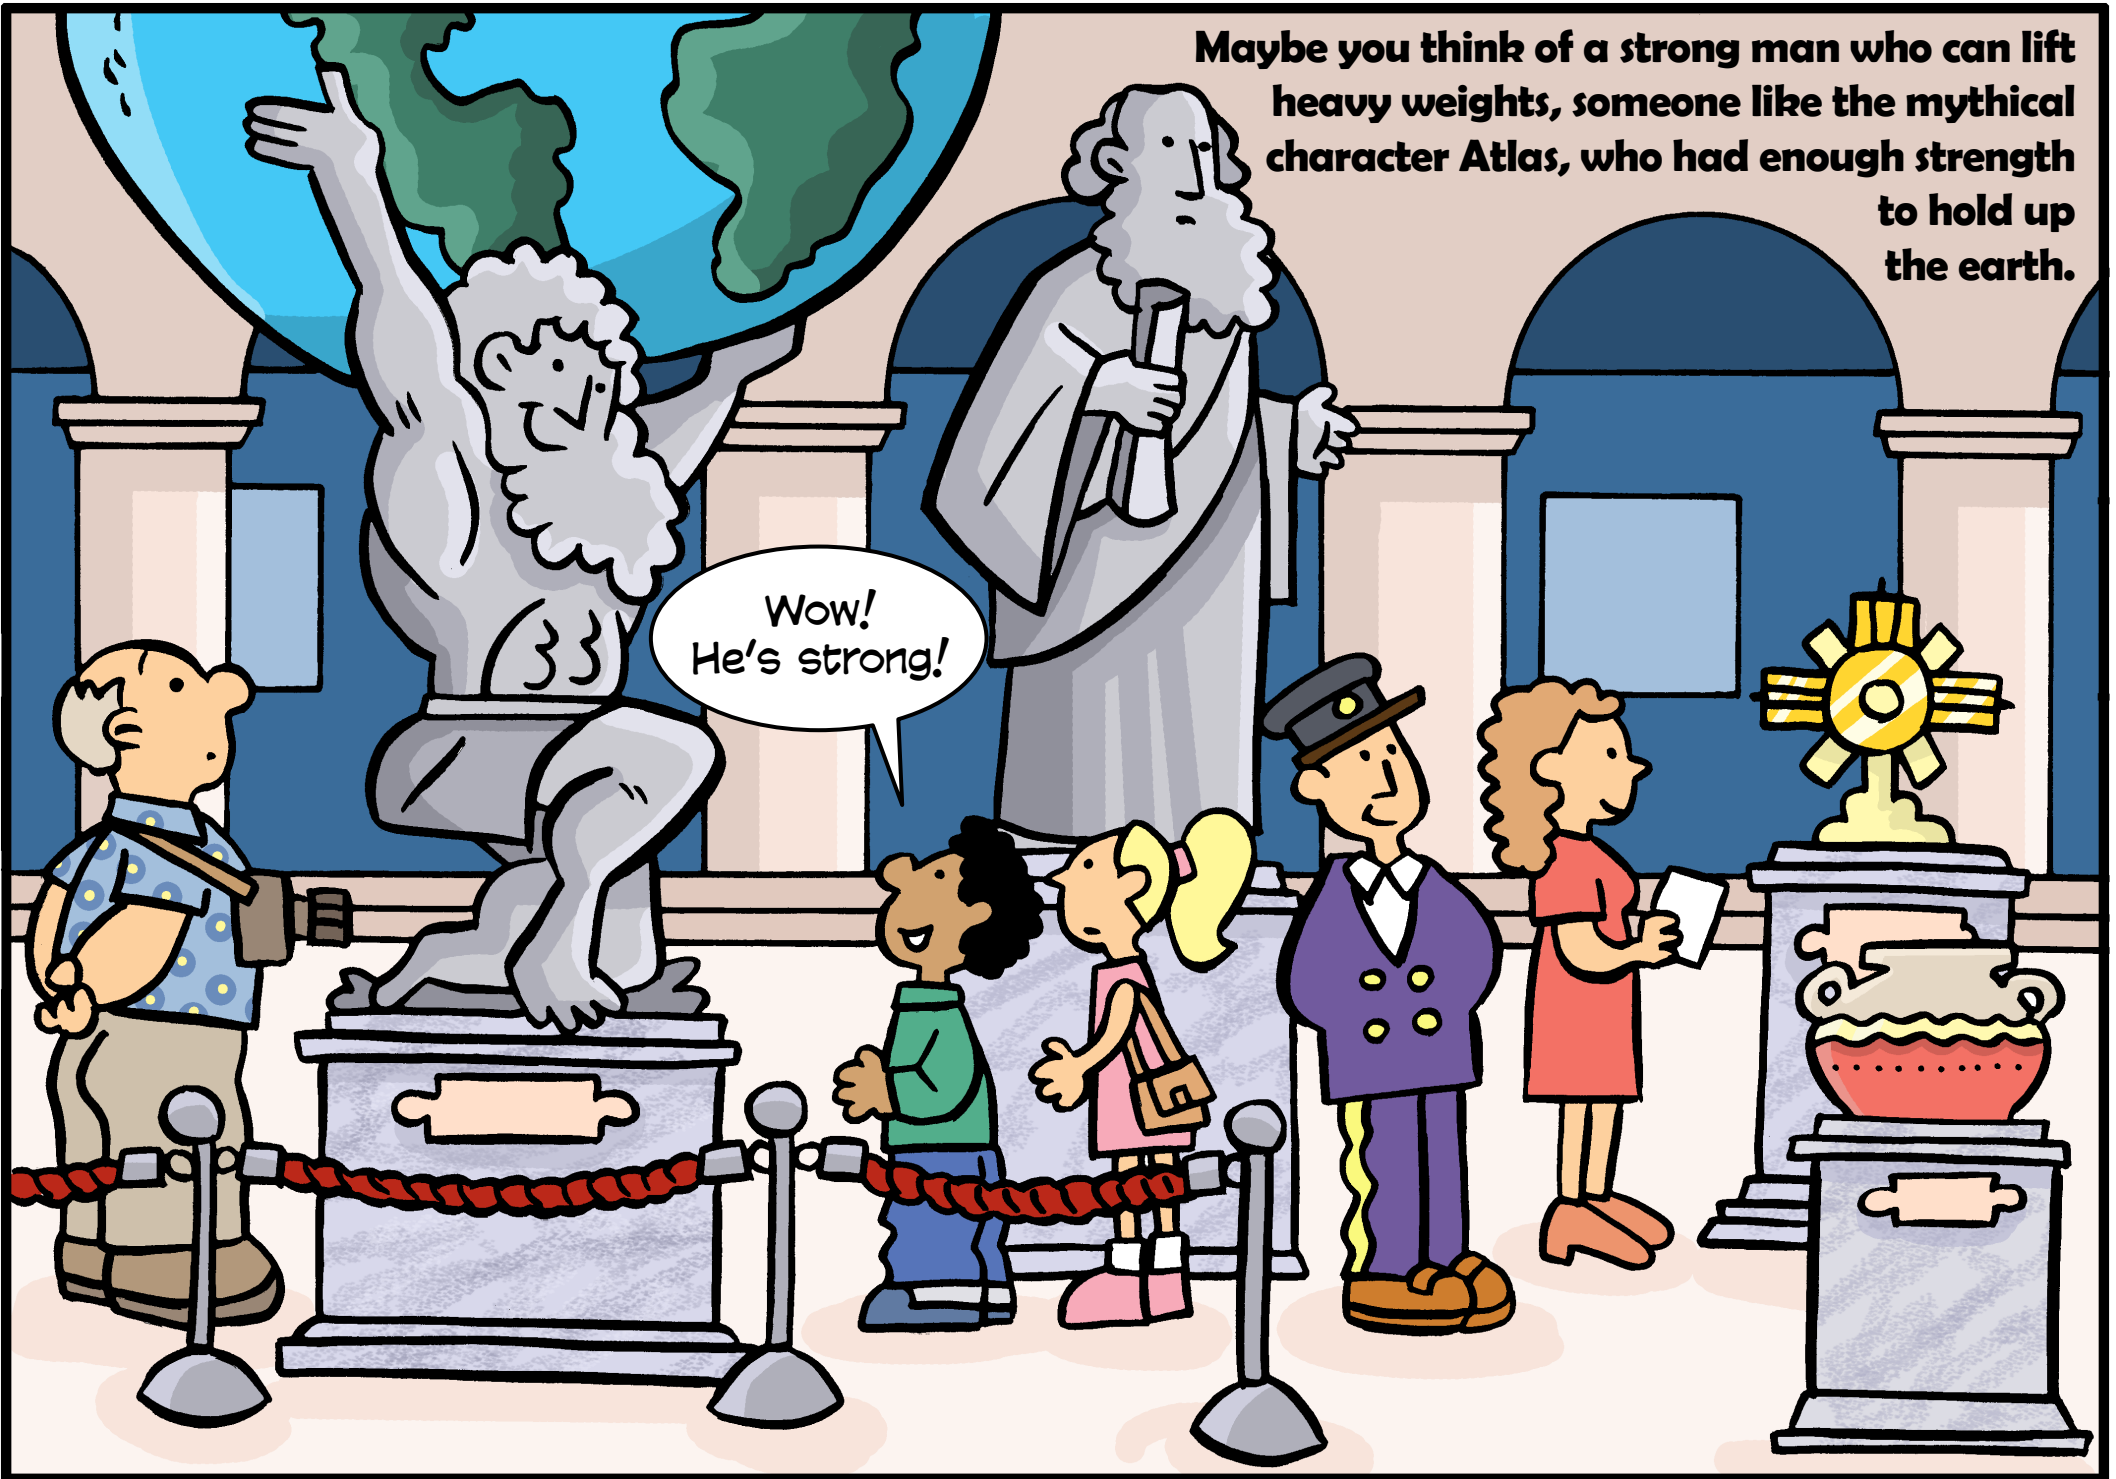

God is the power and life of the universe, the loving spiritual force behind all things. “[God] has made the earth by His power” (Jeremiah 10:12 NKJV).

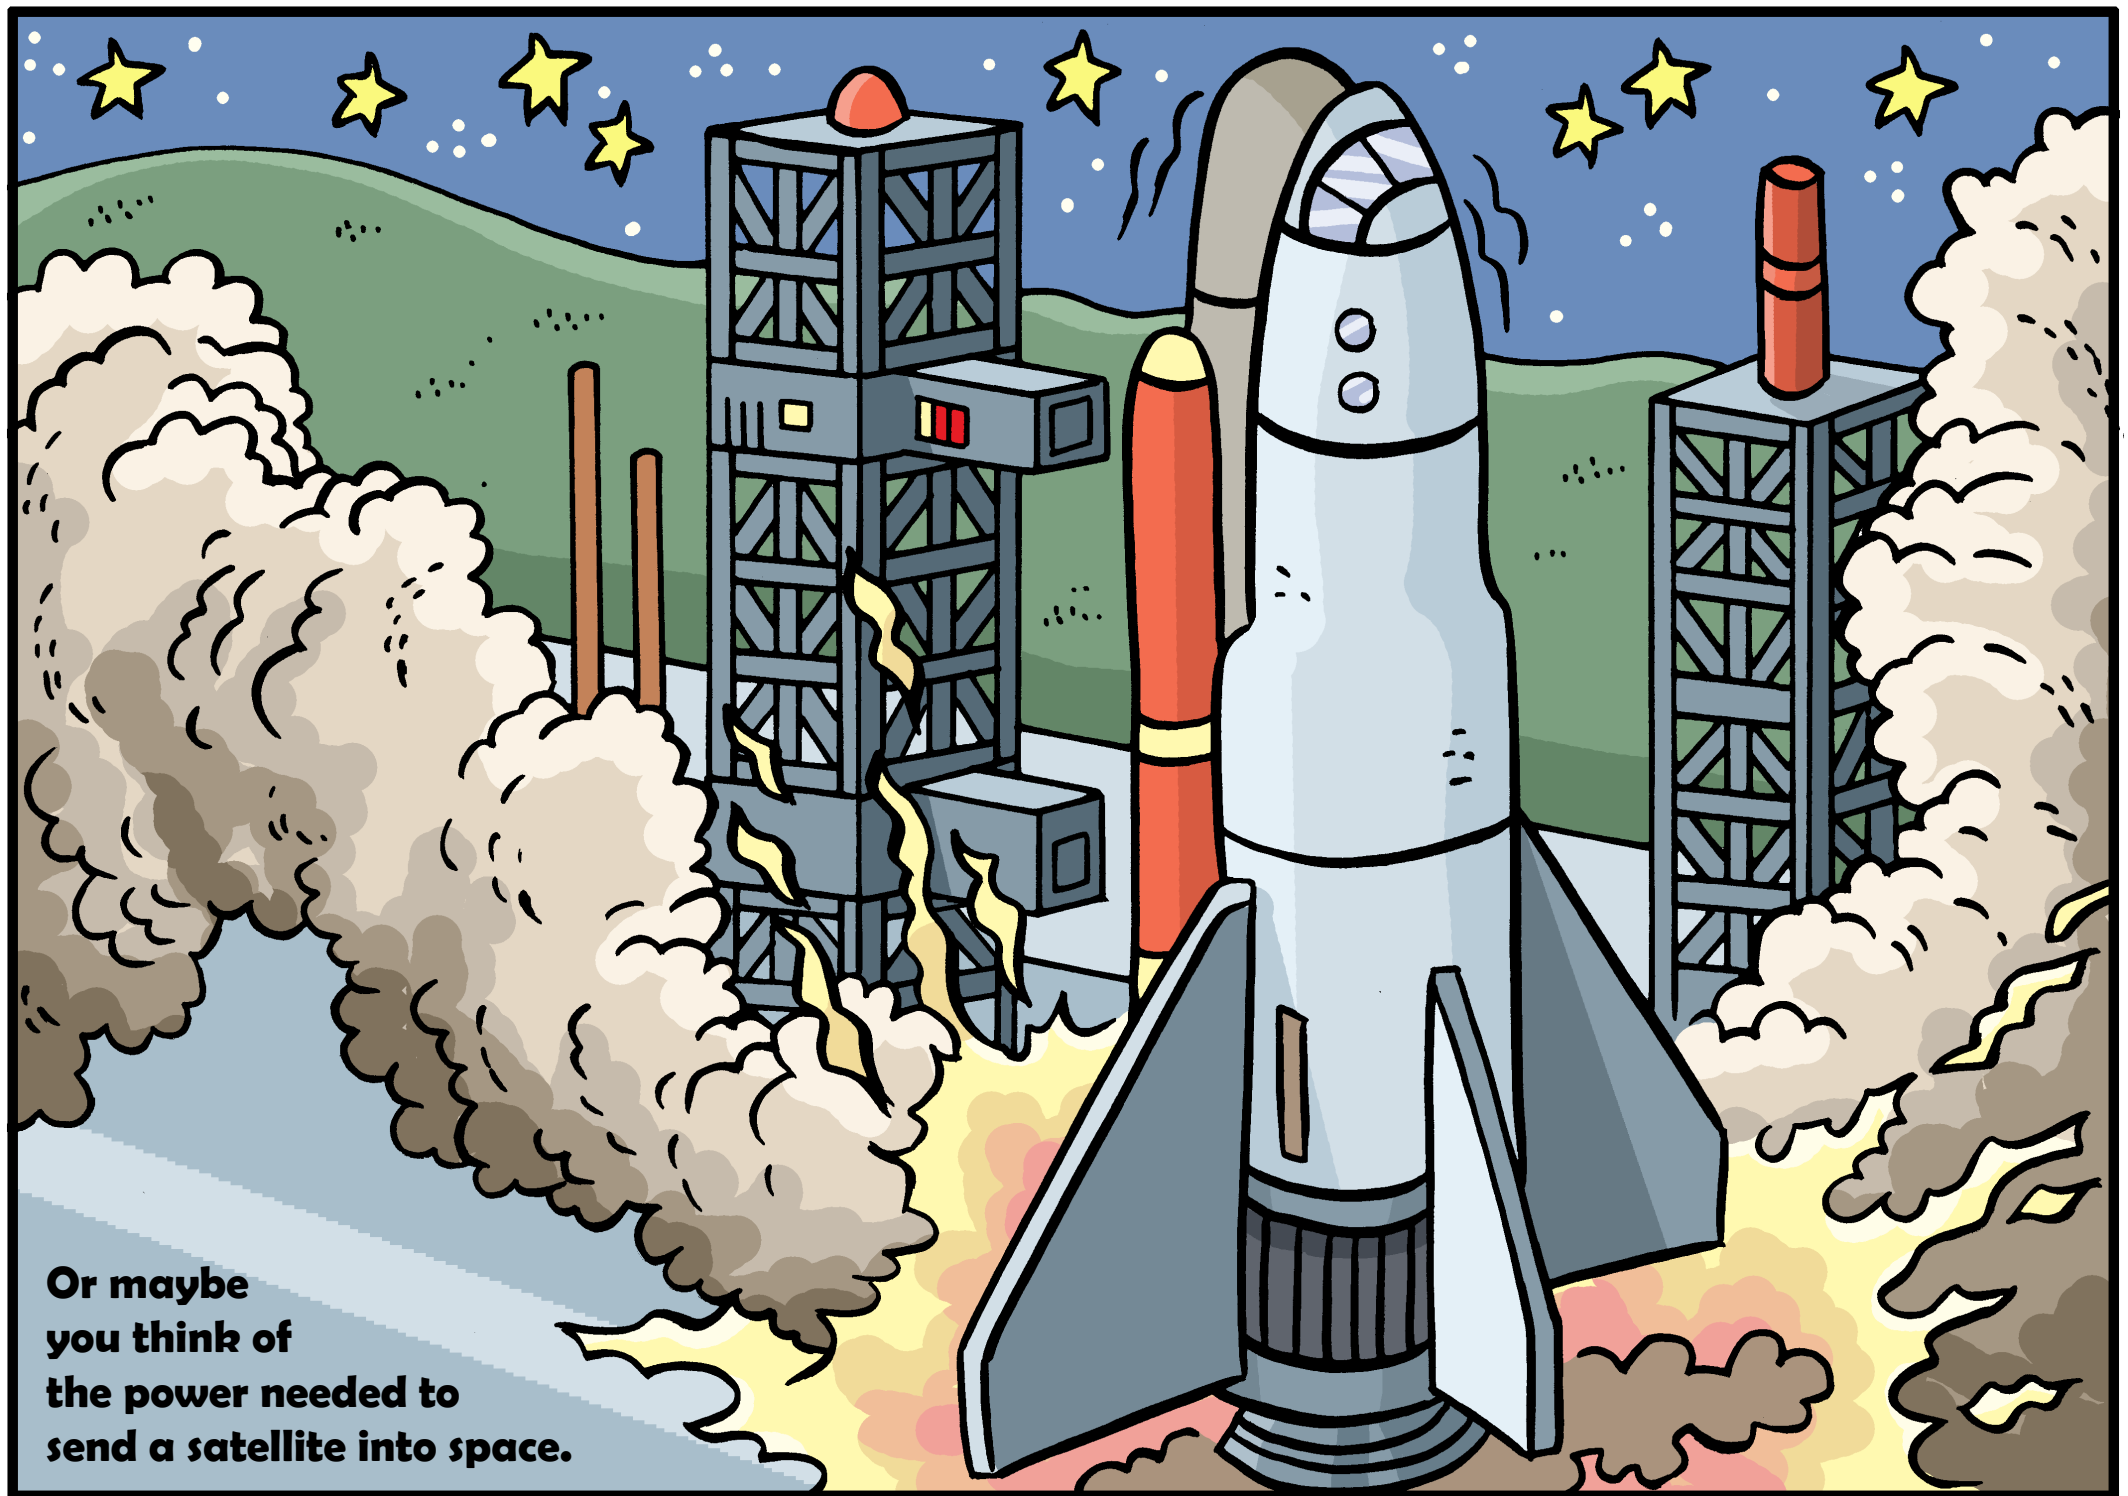

When you think of “power,” what comes to mind?

Maybe you think of a strong man who can lift heavy weights, someone like the mythical character Atlas, who had enough strength to hold up the earth.

Wow!
He's strong!

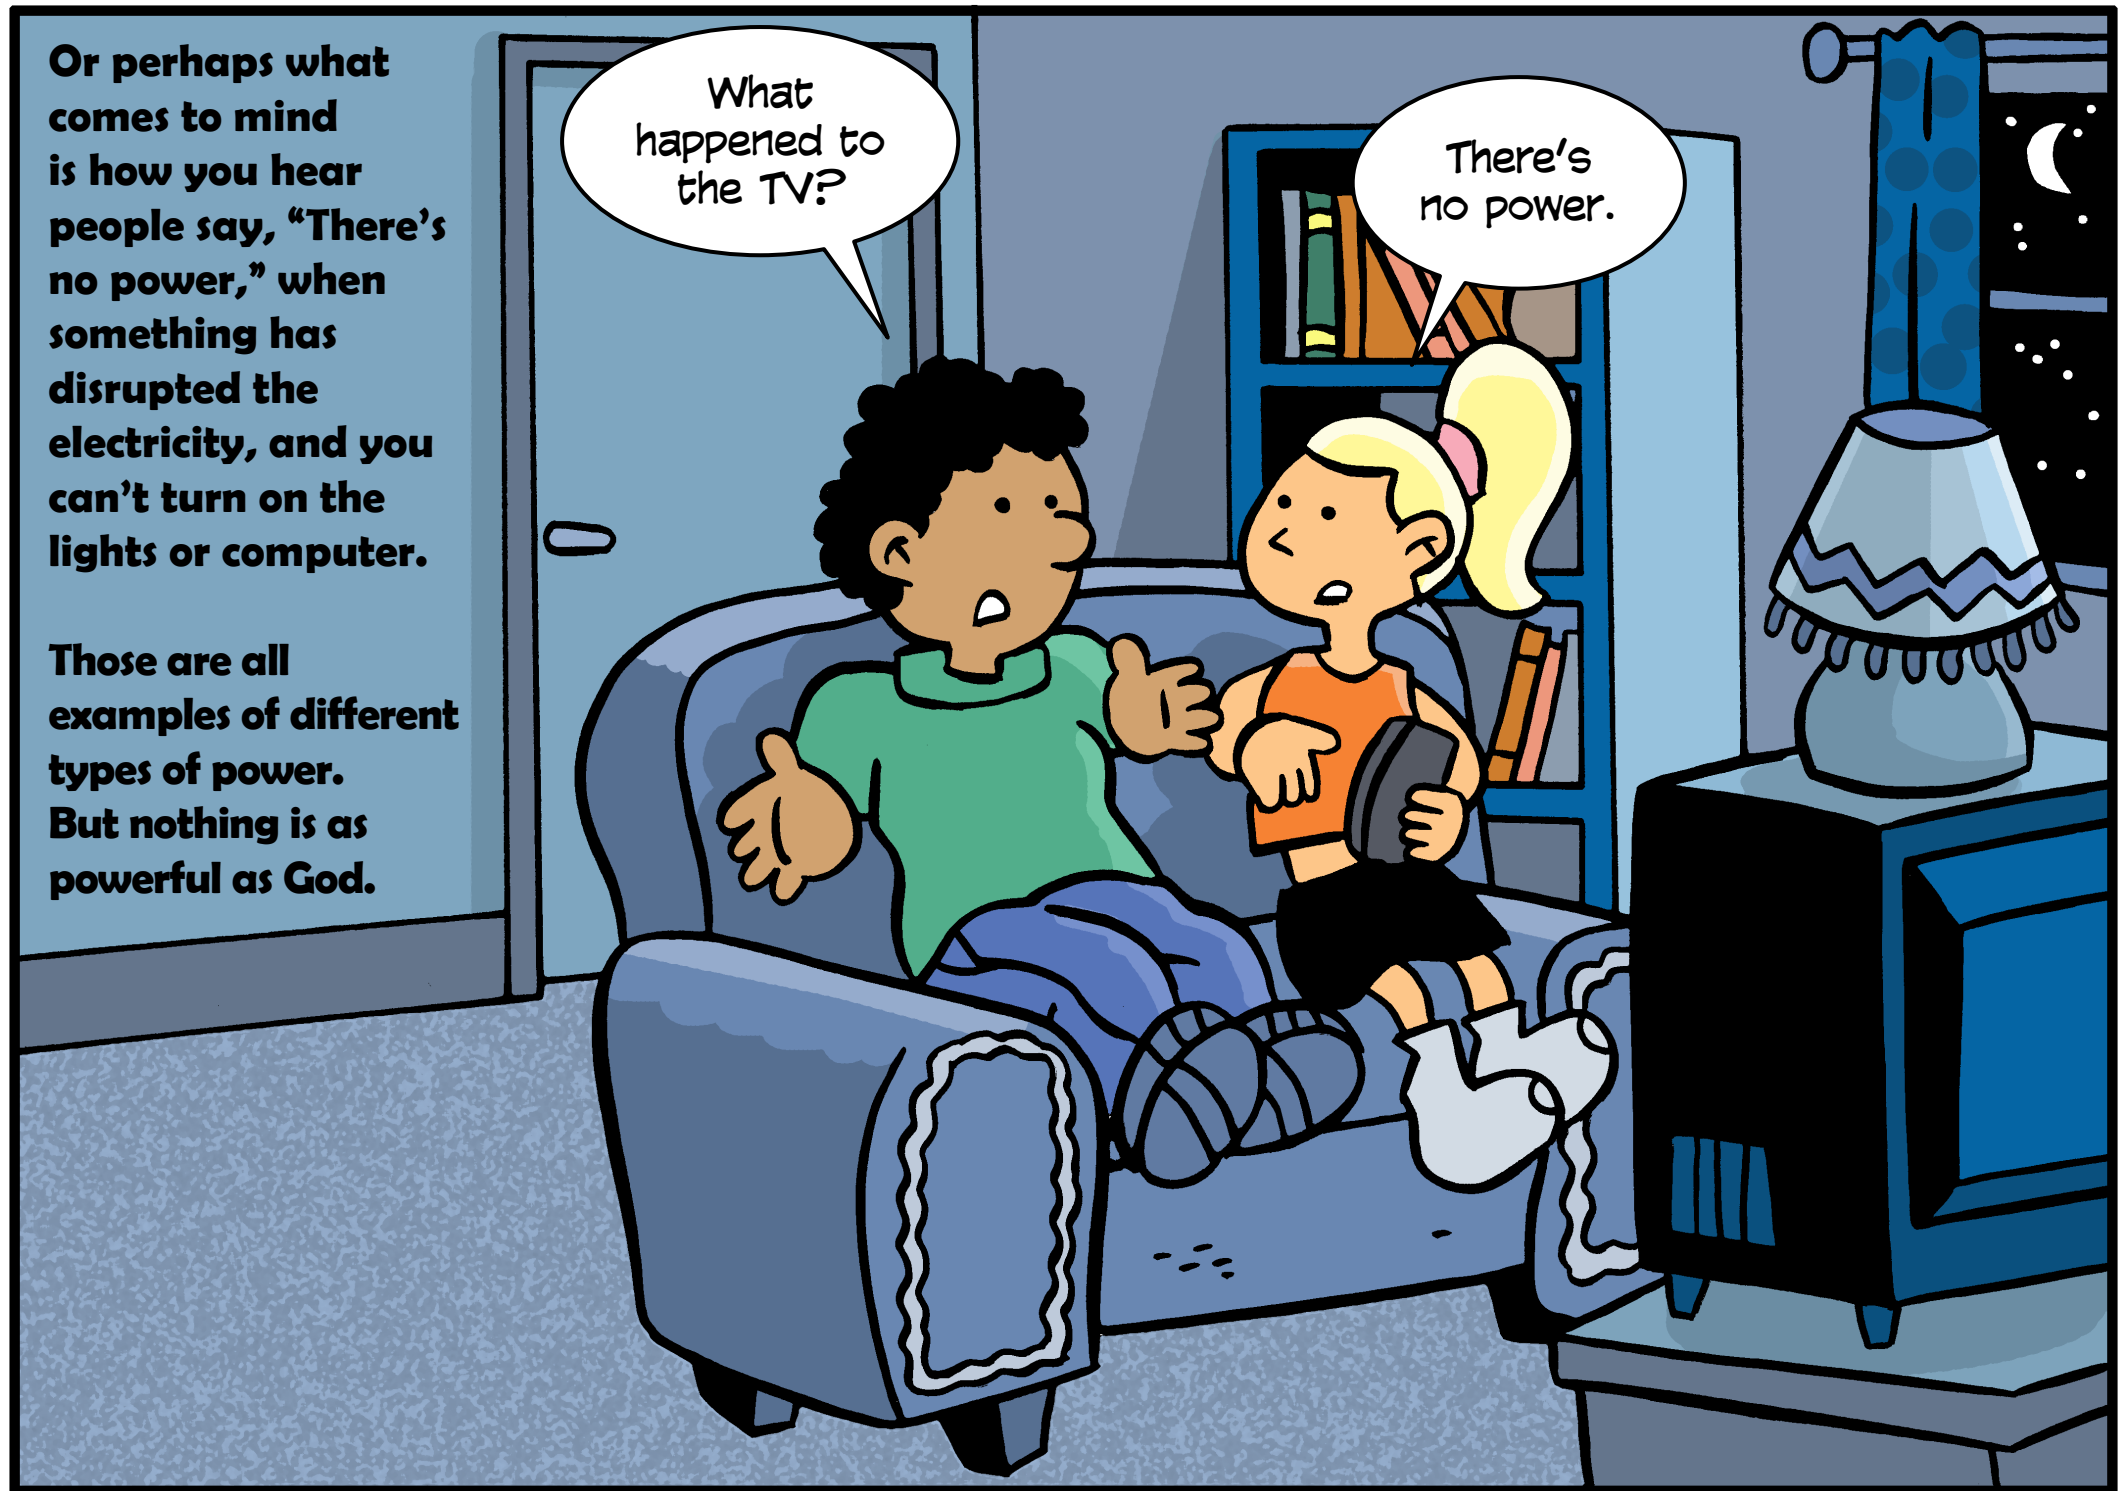

Or maybe
you think of
the power needed to
send a satellite into space.

Or perhaps what comes to mind is how you hear people say, "There's no power," when something has disrupted the electricity, and you can't turn on the lights or computer.

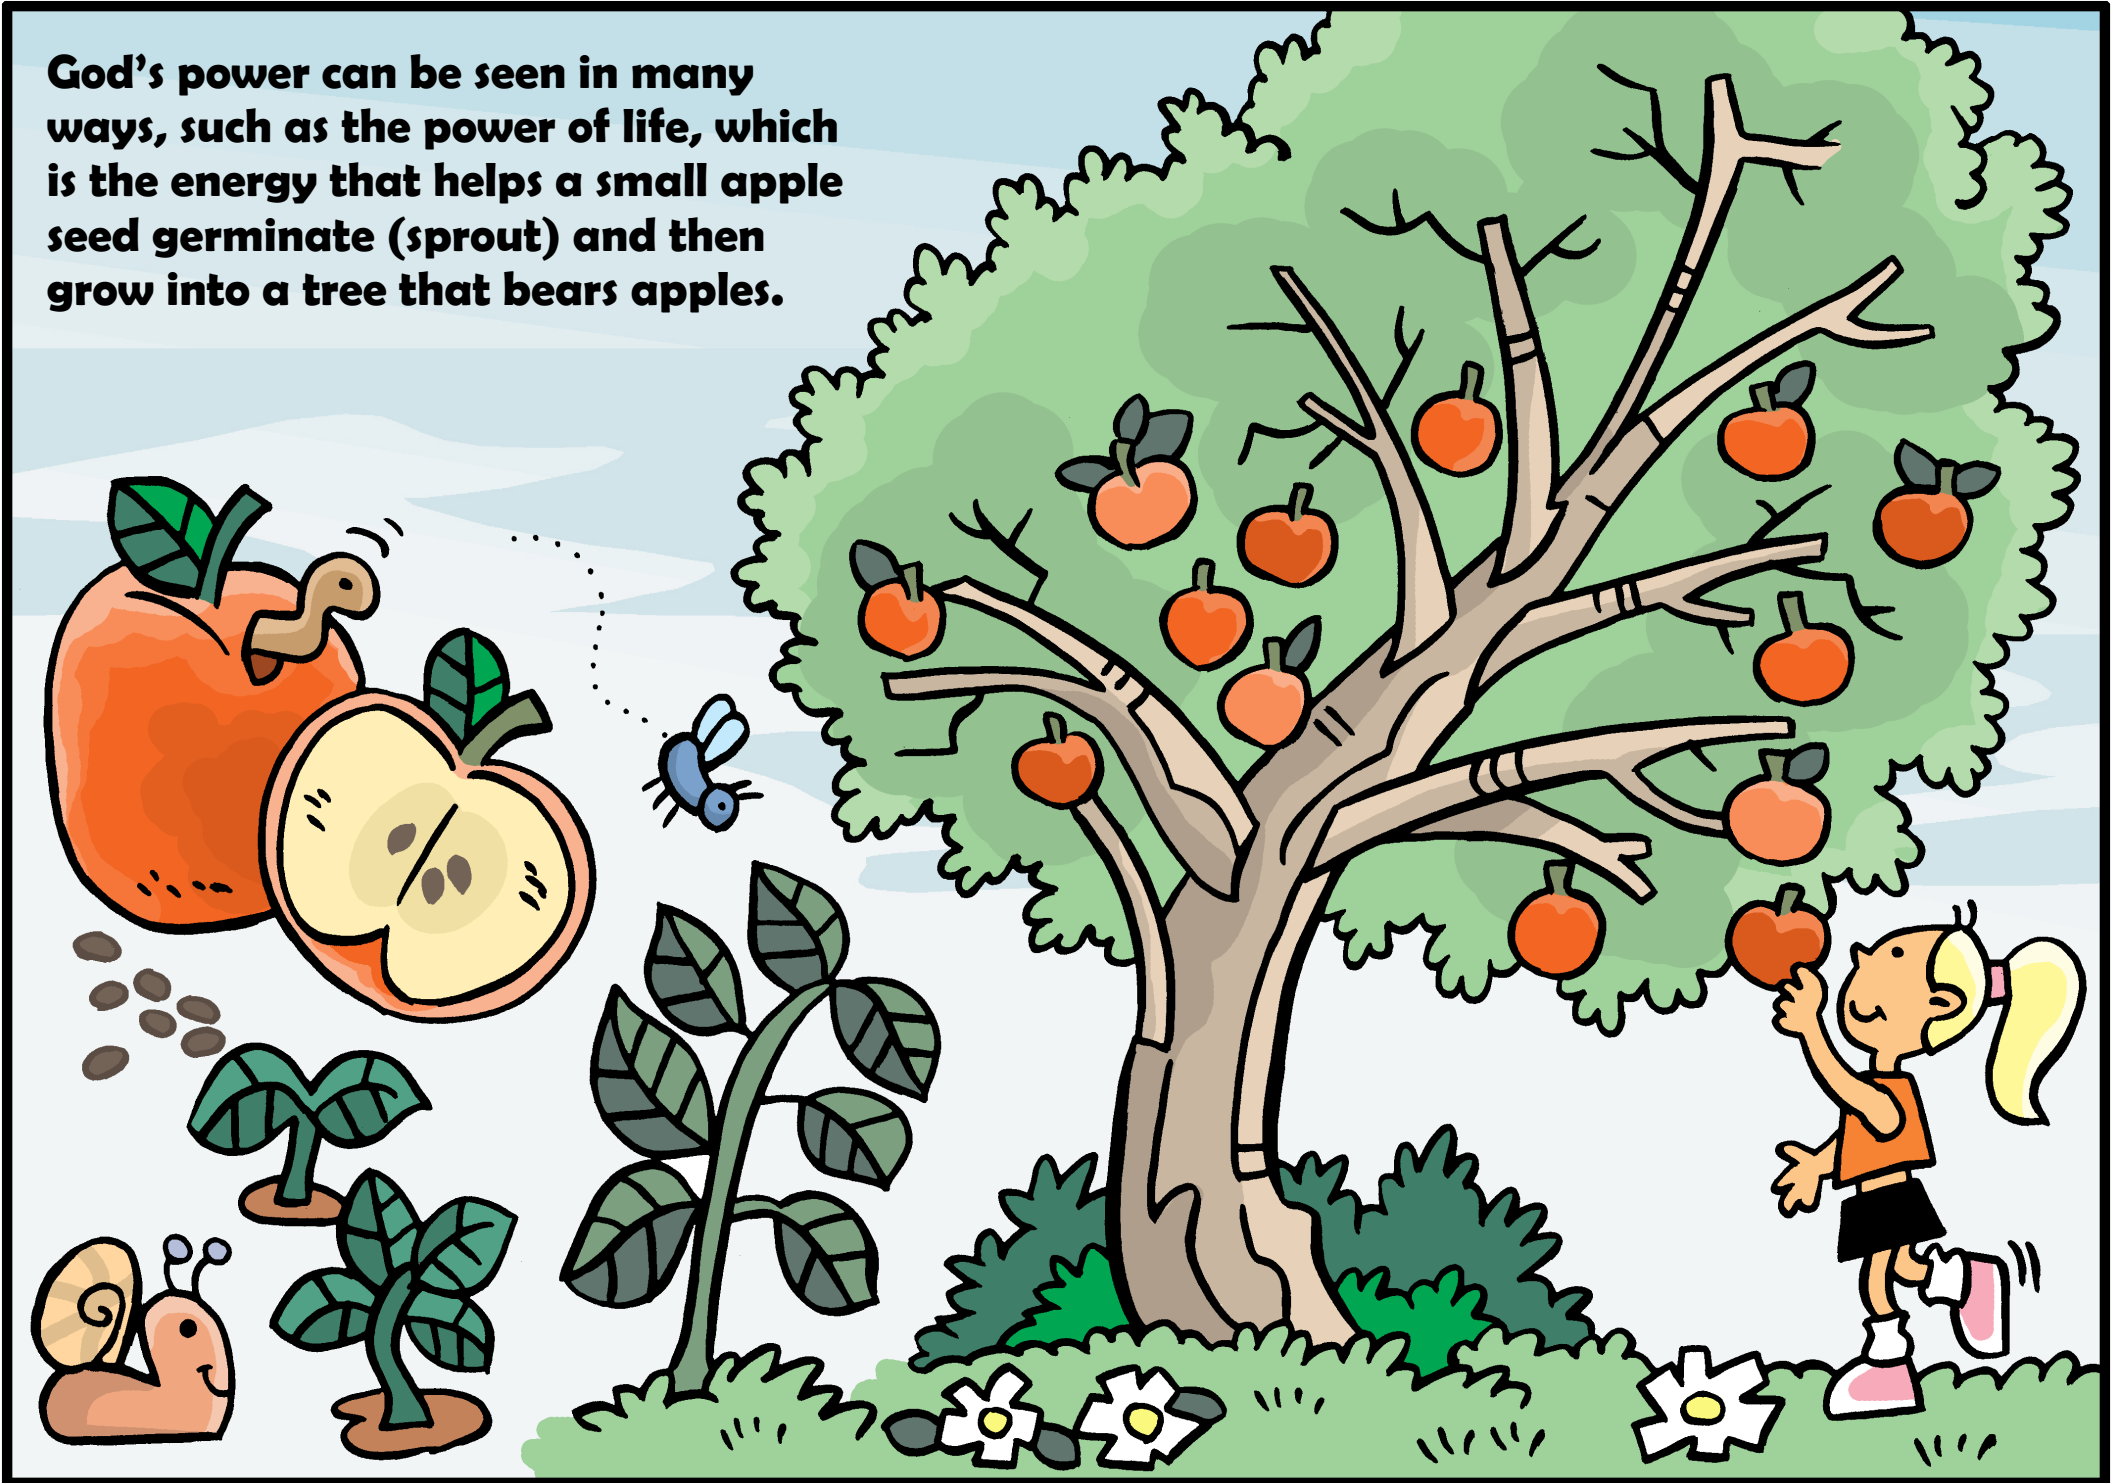

Those are all examples of different types of power. But nothing is as powerful as God.

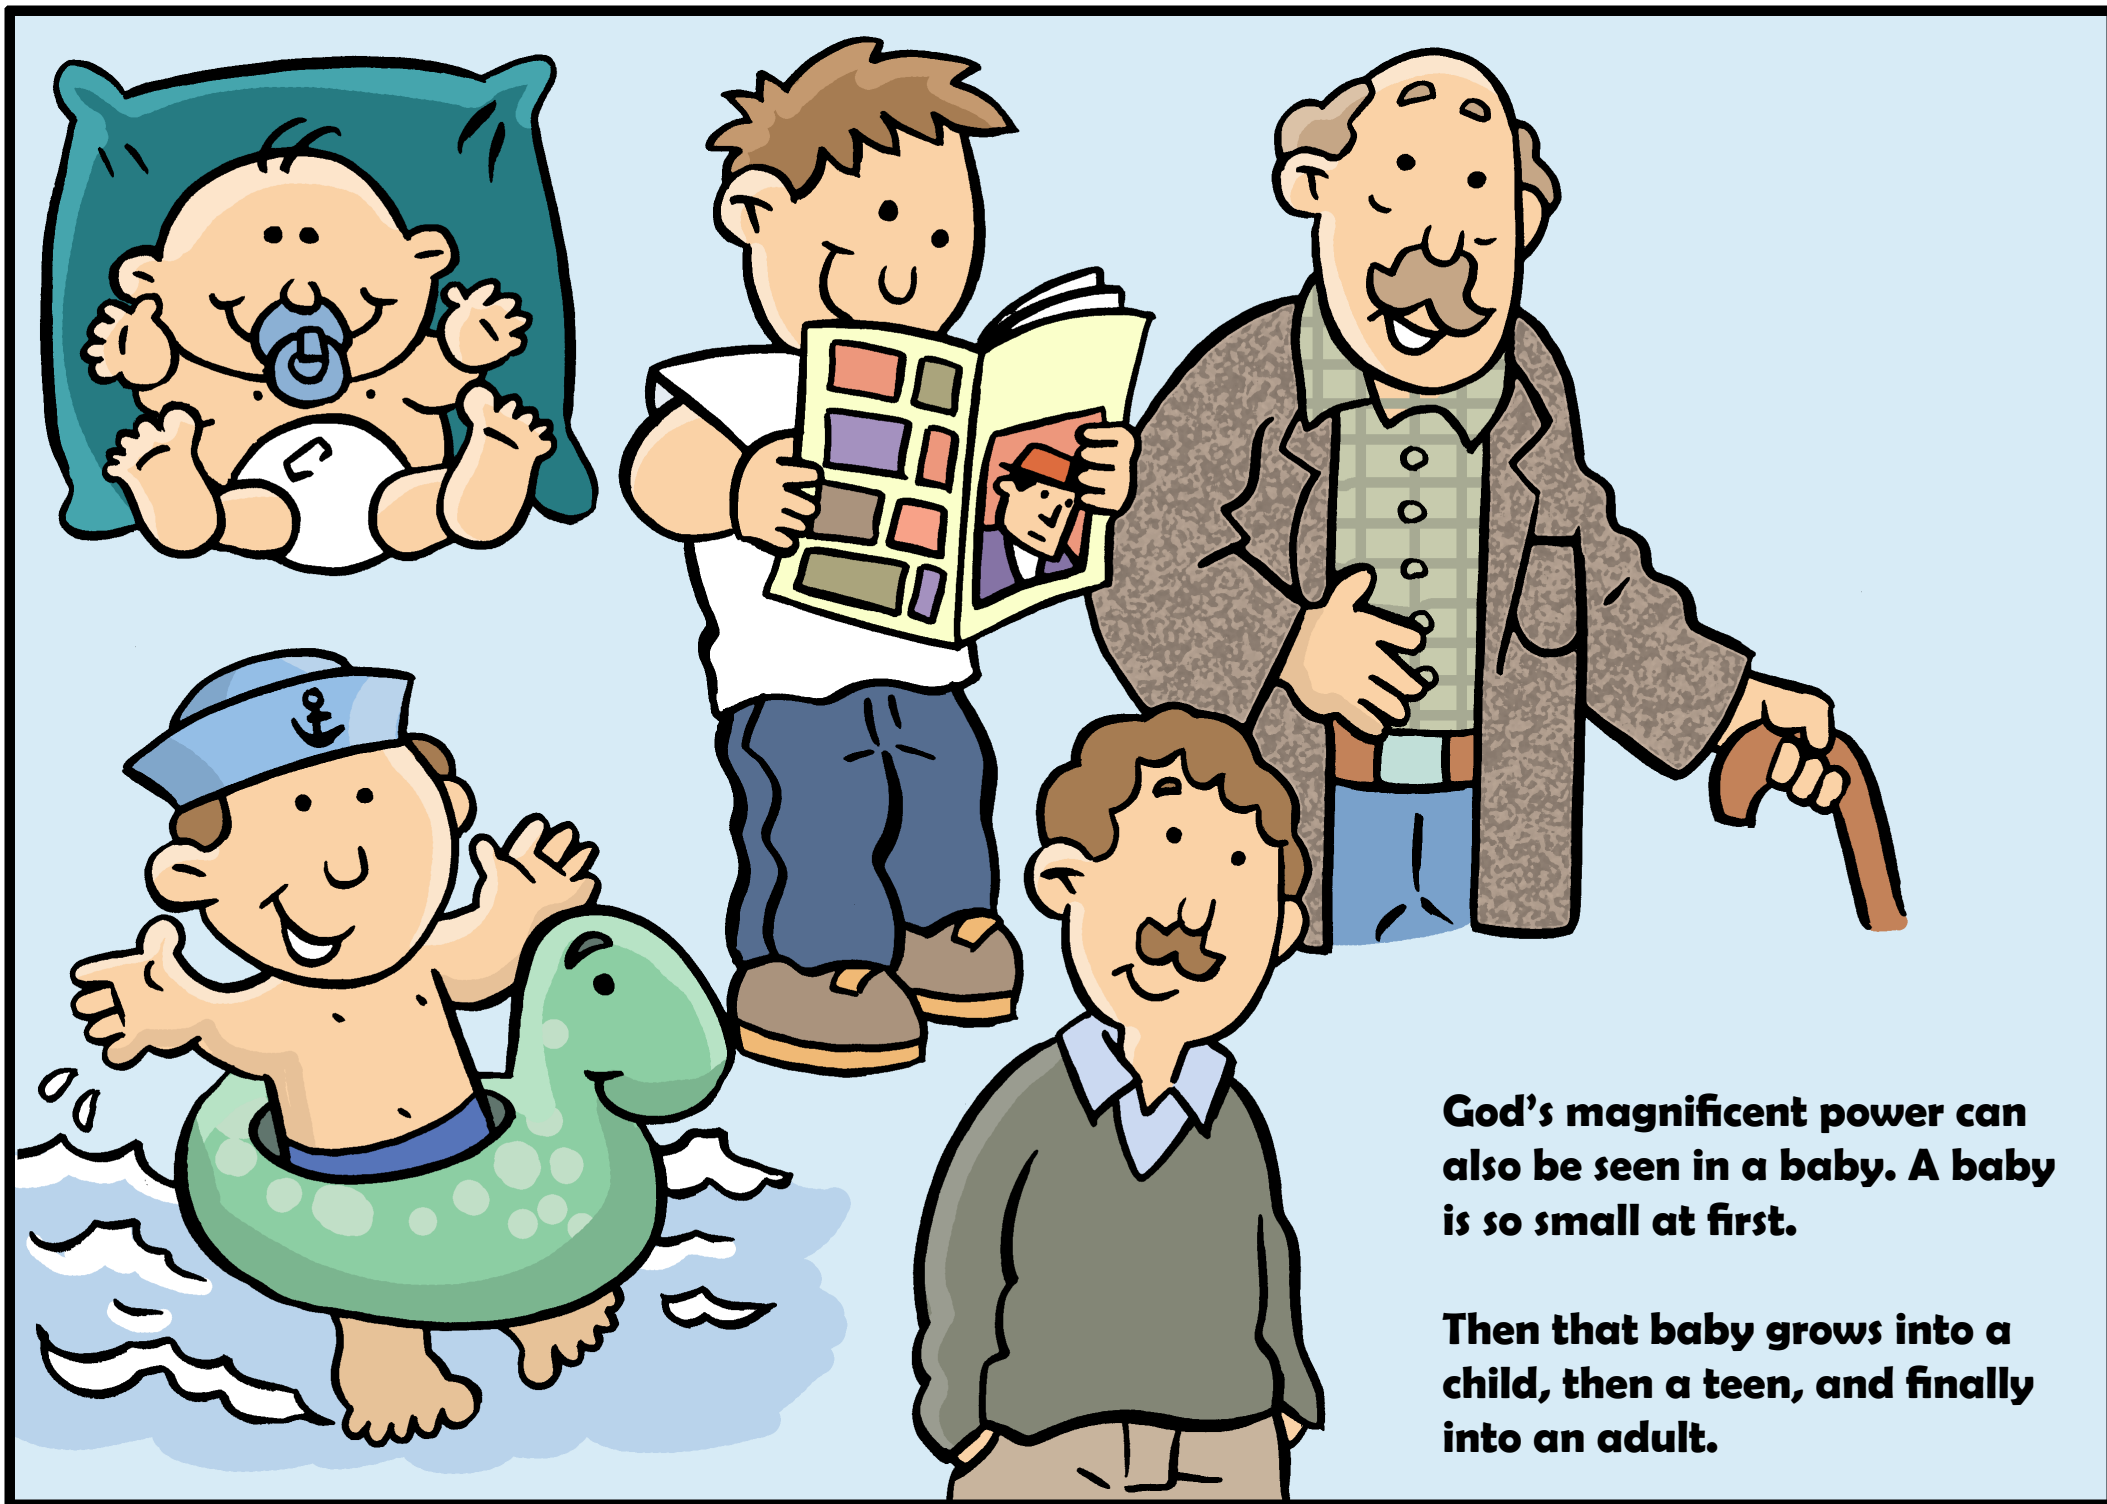

What happened to the TV?

There's no power.

God's power can be seen in many ways, such as the power of life, which is the energy that helps a small apple seed germinate (sprout) and then grow into a tree that bears apples.

God's magnificent power can also be seen in a baby. A baby is so small at first.

Then that baby grows into a child, then a teen, and finally into an adult.

God is the great loving spiritual being behind all things. He is the power of love that created the world. As the Bible tells us “God is love” (1 John 4:8); God, the power of love, is the greatest power in the world!
