## The Parable of the Lamp

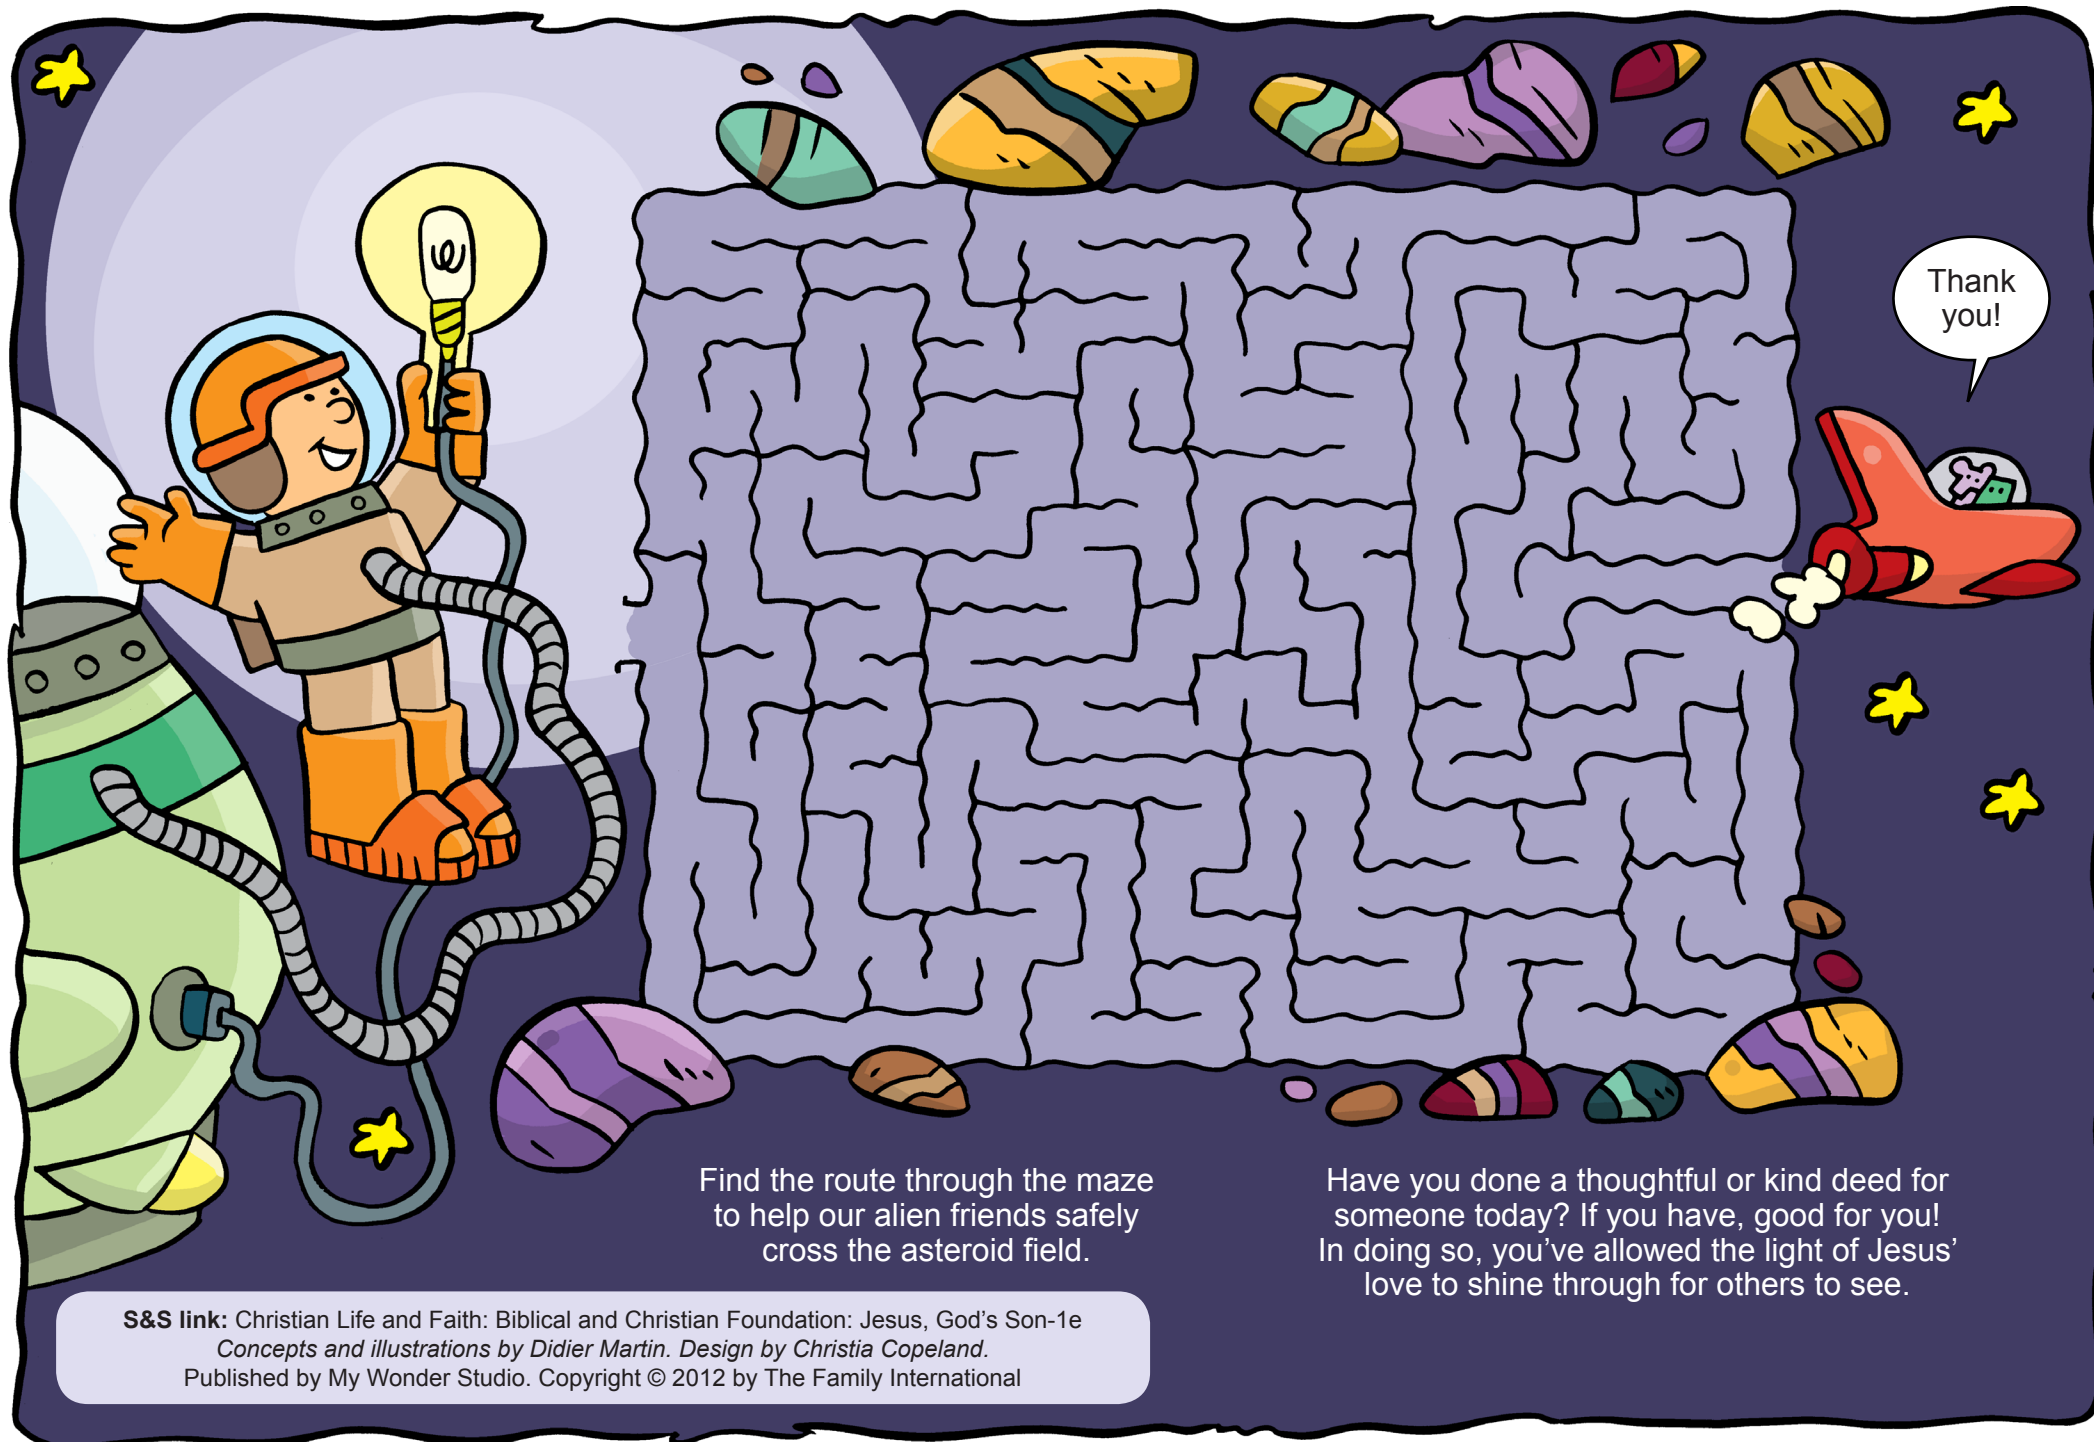

To deliver these goods to the planet Orxano, we must pass through this field of asteroids.

It's dark! How can we make it through safely without crashing?

I have an idea!  
Help me find these objects, so I can build a tool to aid us.

Read about this parable in Matthew 5:14–16.

Find the route through the maze  
to help our alien friends safely  
cross the asteroid field.

Have you done a thoughtful or kind deed for  
someone today? If you have, good for you!  
In doing so, you've allowed the light of Jesus'  
love to shine through for others to see.
