

# The Love Game

A message from Jesus:

Everybody can be a part of  
the love game!  
Here's how to play.

## GAME STRATEGY

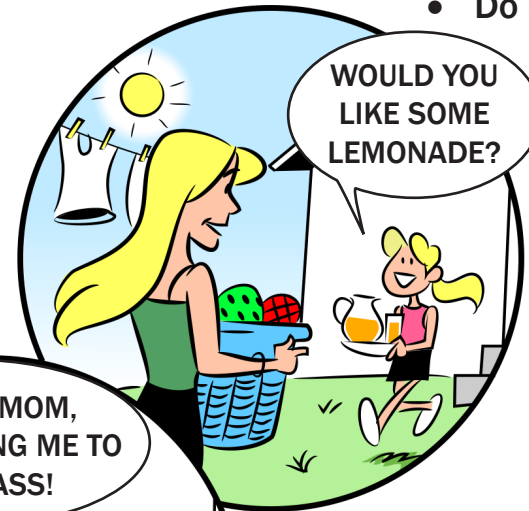

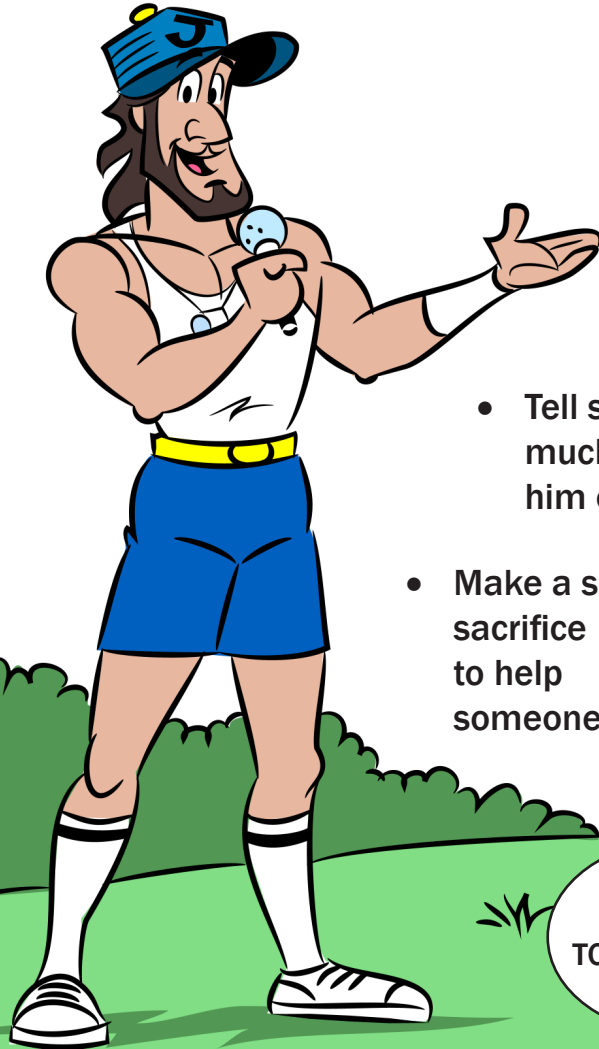

- help others
- respect others
- show appreciation to others

The goal of the game is to reflect My love for each individual.

You can take as many turns as you like, by doing something for another person. Here are ideas of things you can do for someone else:

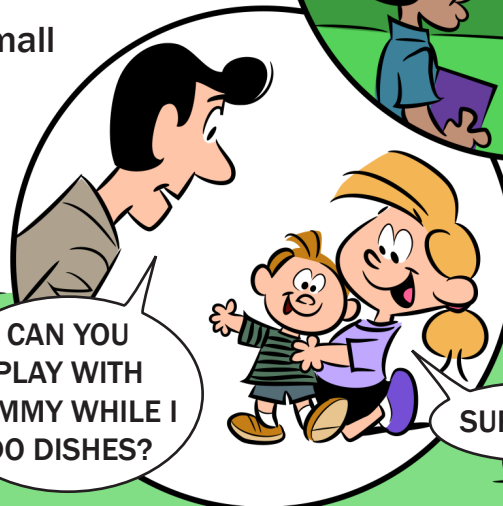

- Give someone a hug, a kiss on the cheek, an encouraging word.

- Do a kind deed.

- Tell someone how much you appreciate him or her.

- Make a small sacrifice to help someone.

- Say a kind word.

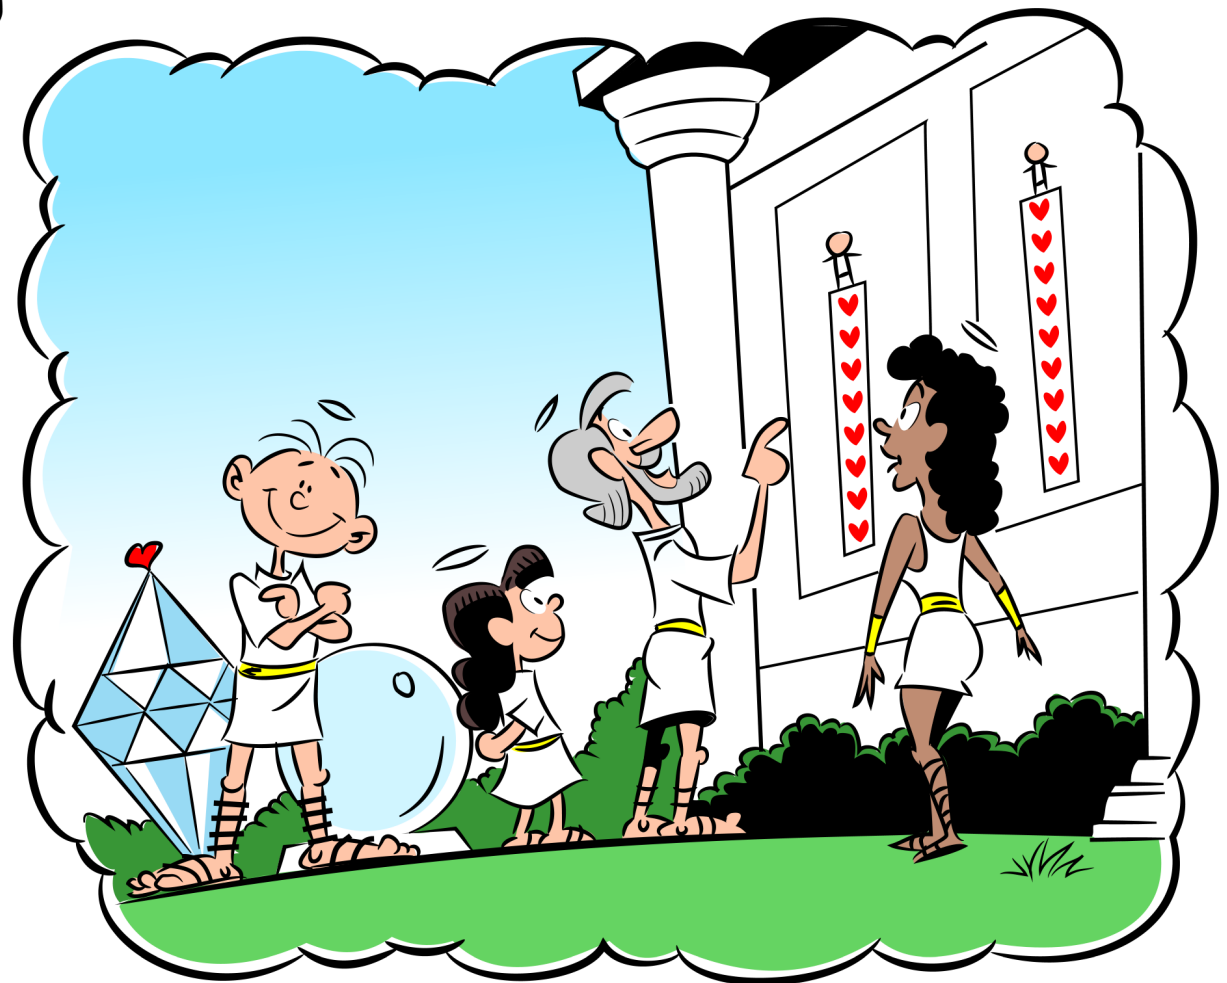

You can probably think of other ways you can brighten someone's life, make his or her job easier, and manifest My love for that person.

When I pass out heavenly rewards for a job well done, if you've played well, I will give you prizes that are off the charts!

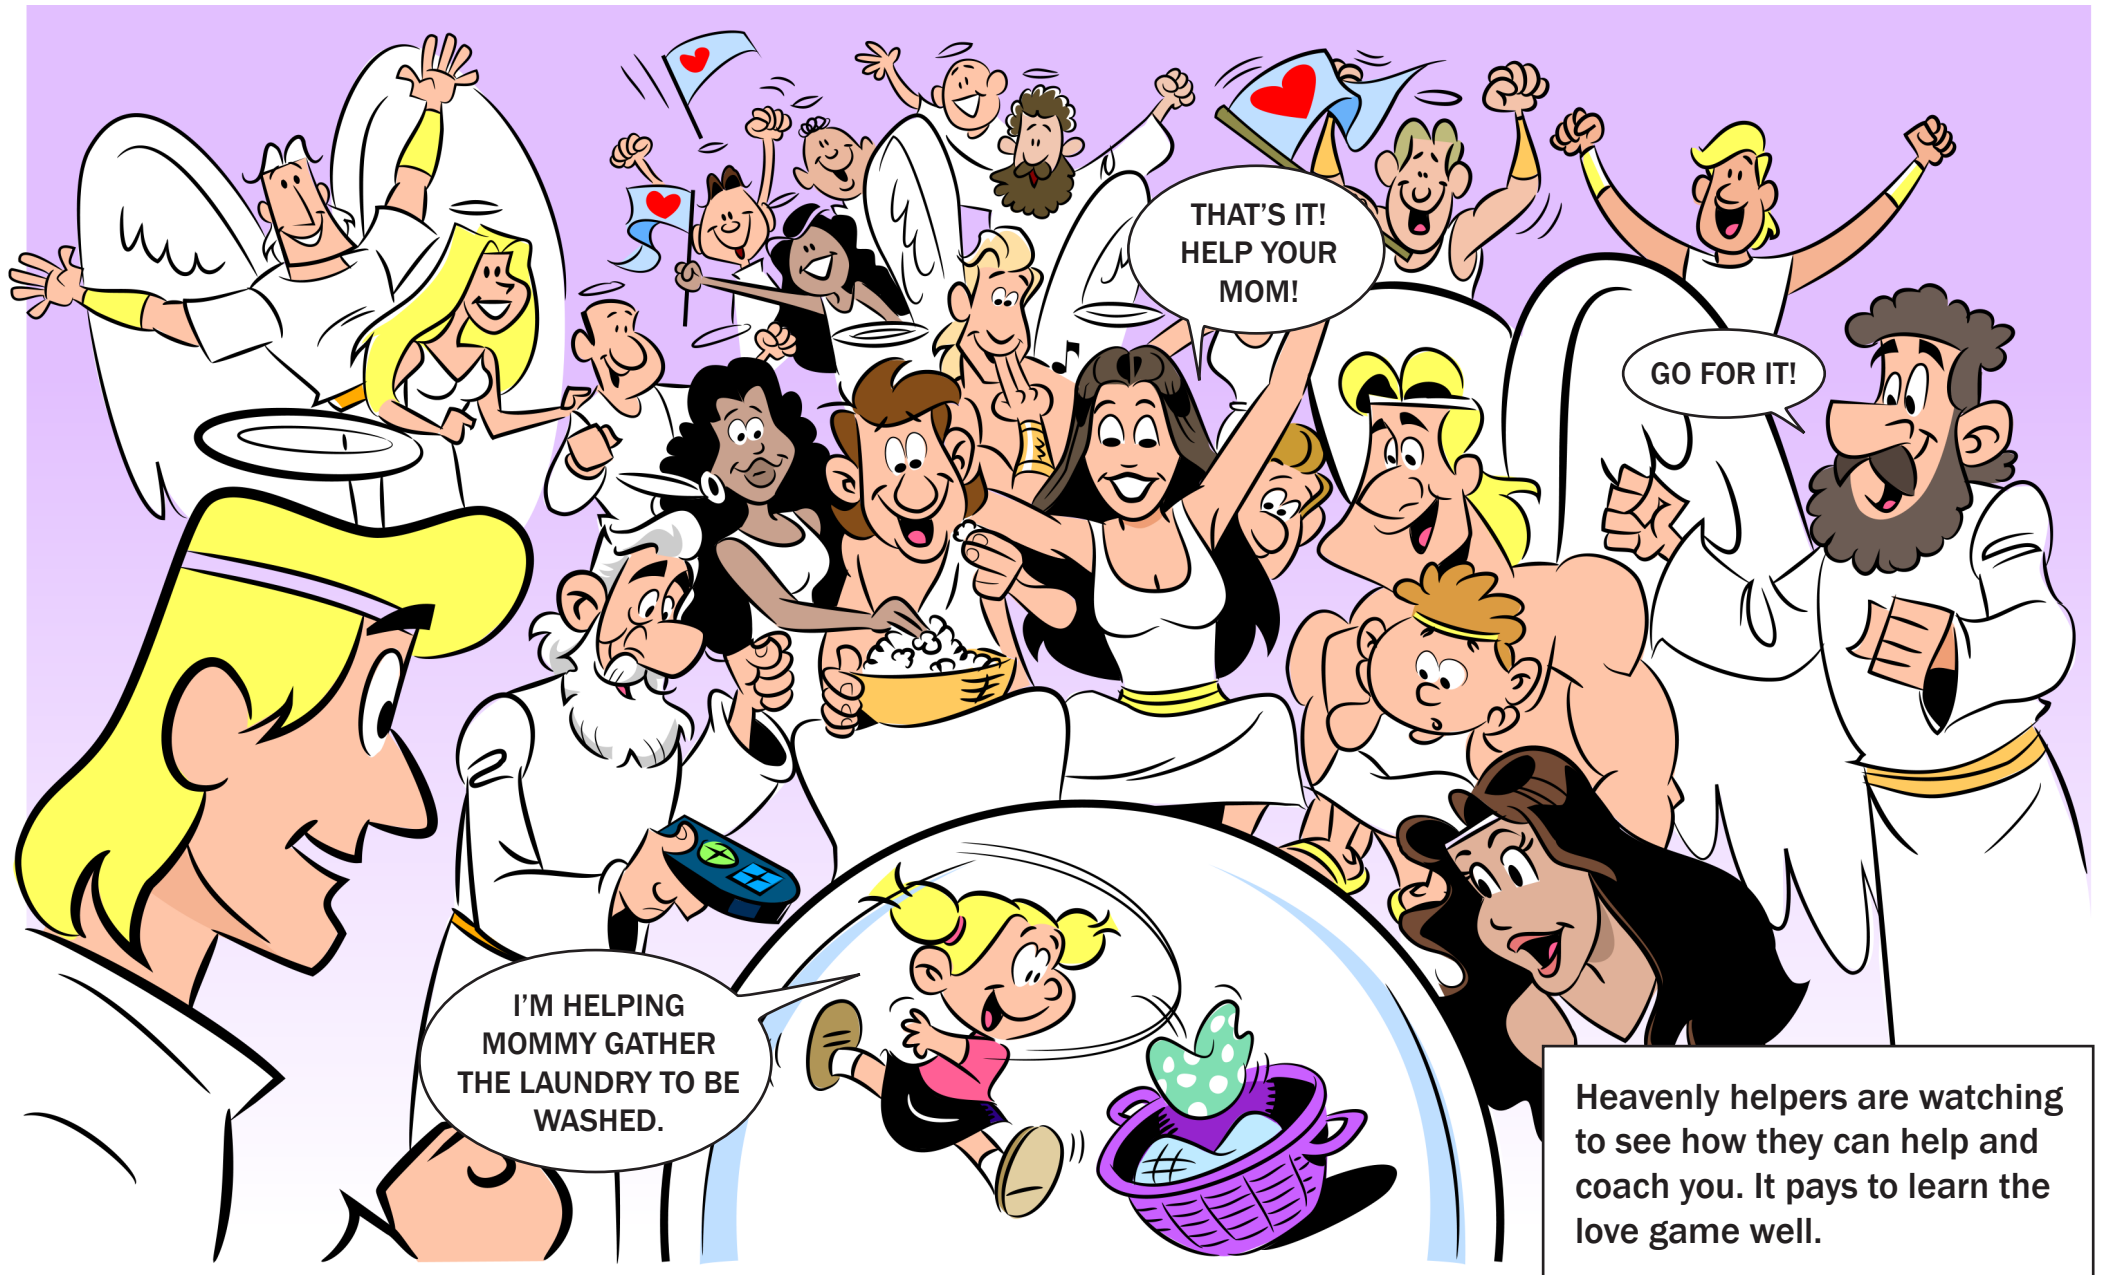

**"Look, I am coming soon! My reward is with me, and I will give to each person according to what they have done"  
(Revelation 22:12 NIV).**

The more turns you take, the more deeds will be recorded. There are heavenly scorekeepers who keep track of your loving actions. When you manifest My love in your interactions with others, you always win!

Those in heaven are watching you play! They're watching to see you grow in skills, cheering you on, and encouraging you to discover new ways to score points.

And when you get to heaven, the game goes on! Love is the name of the game, the most popular sport in heaven, and everyone plays it.

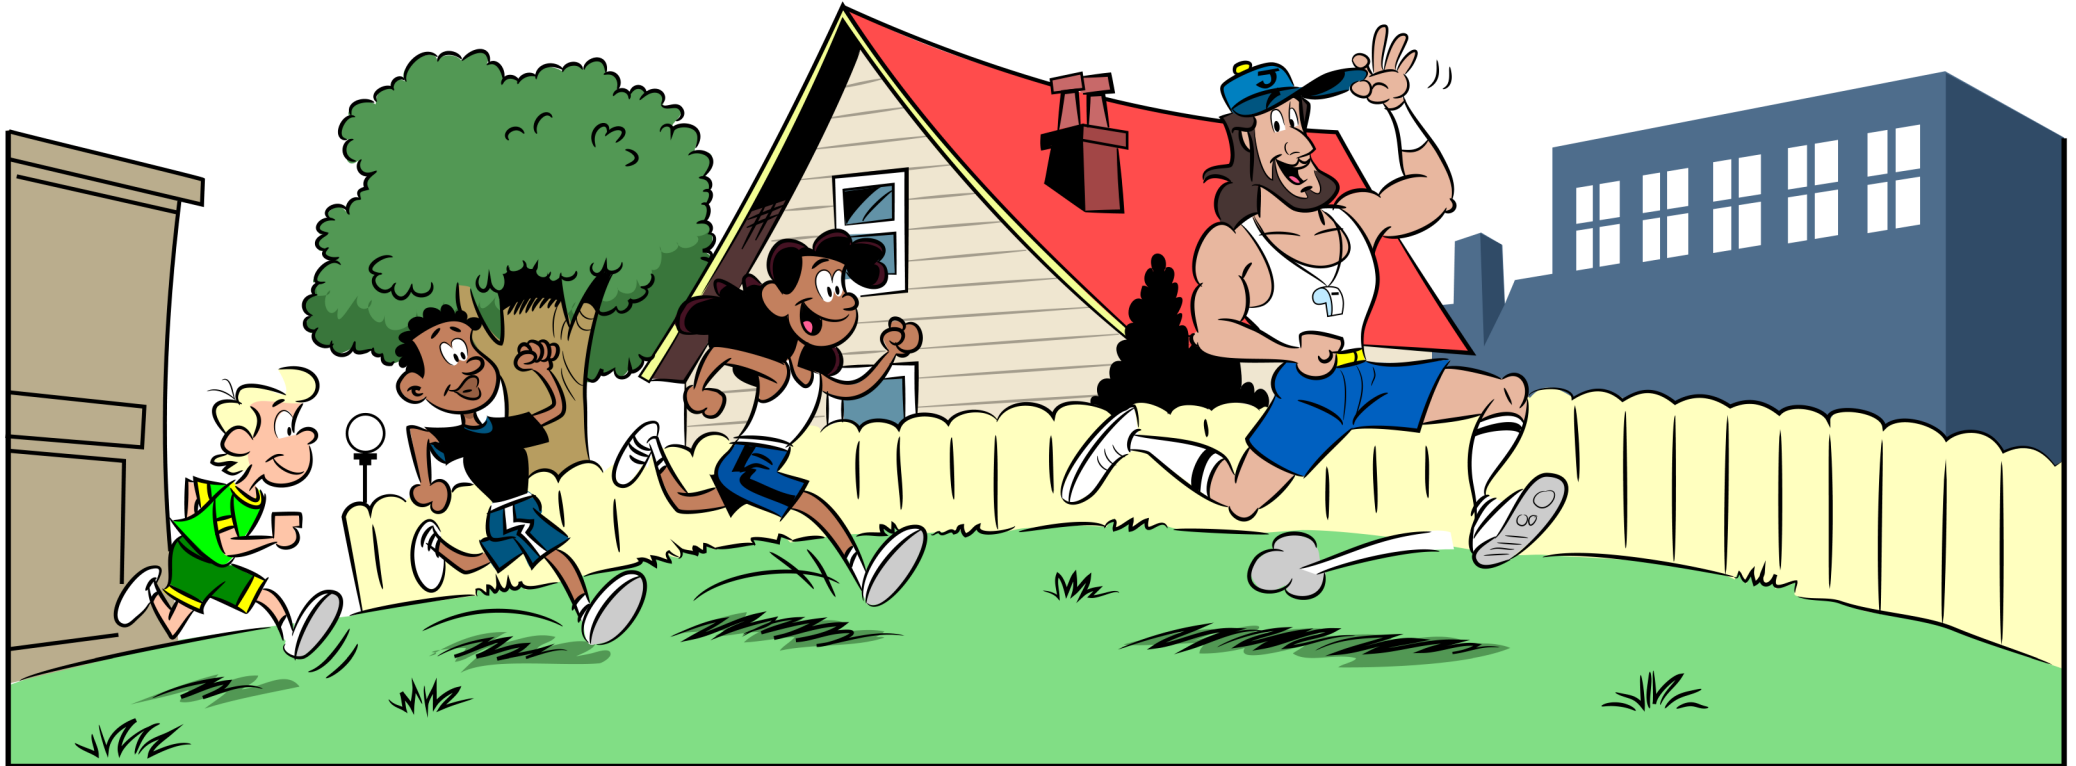

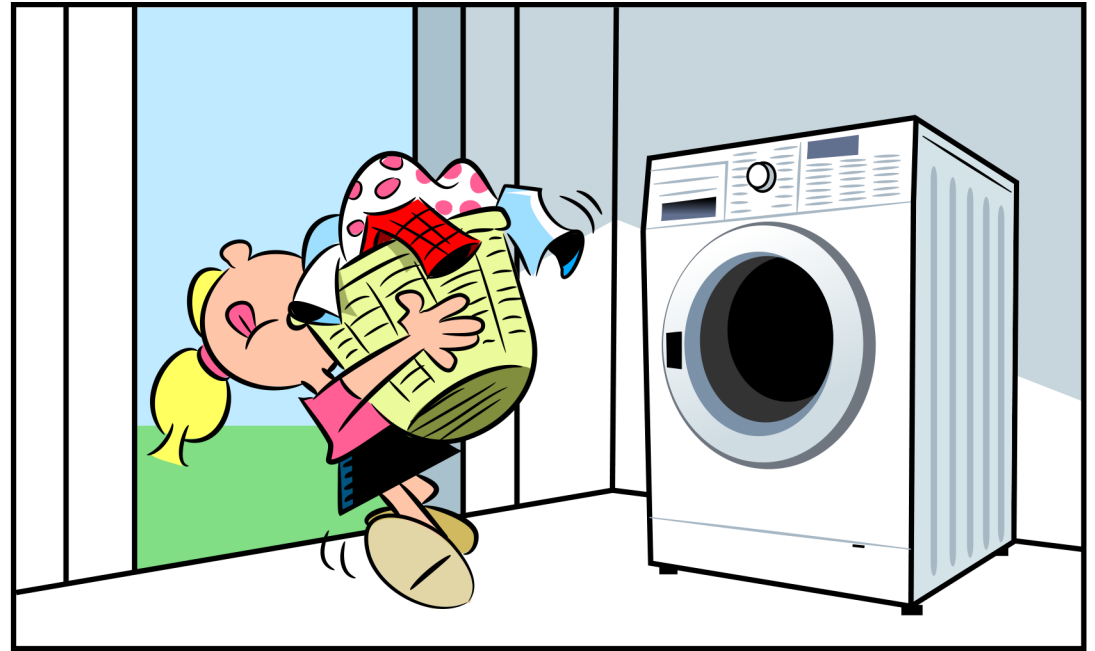

Stretch those muscles of kindness and consideration. Listen to your coaches. Keep taking turns, and stay in shape for the love game, because love is what heaven is all about!

Train with Me. I'm the champ. I'll teach you the winning moves.

The key is to show love and kindness wherever you go. Go all out for love!

Let the love game rule your thoughts and actions. And remember, your game improves with practice. Always take that turn to be kind, helpful, and show appreciation. Simple little turns add up the points!

Stick with Me and I'll keep giving you the right calls for this game so you can do your best.

Be a loving game player, and you'll join the all-time greats—My all-stars! Want to play? I challenge you to a love match!
