

Jesus Leads Us

In all your ways
acknowledge the Lord and
He shall direct your paths.
(Proverbs 3:6, *paraphrased*)

Have you gone
somewhere new
with your parents,
and did they have
to ask others how
to get there?

It probably took time to stop and ask someone for directions, but those directions were important because they helped your parents find the way.

We often need to ask others for help. Maybe we are facing a new challenge and need some help, or we are looking for something and cannot find it, or we are learning something new and need someone to teach us how to do it.

Not only can we ask others for help, but we should also learn to ask Jesus for His help. This way He can show us what to do.

No matter what we are doing, when we stop to listen to Jesus, He can speak to our hearts and tell us the right way to go. Then, as we follow and obey Him, we will find that Jesus leads us to good and happy places.

Action

Pretend that you are having a conversation with Jesus on the phone because you need to ask Him for help. Your mommy or daddy can pretend to be Jesus. Stop and listen to what He has to say.
