

Prayer Is Powerful!

The prayer of faith
will save the sick, and the
Lord will raise him up.
(James 5:15, *paraphrased*)

The Bible
teaches
us that if
someone
is sick, we
should pray
for the person
to be healed.
Prayer is
powerful.

When we pray, Jesus can
heal those who are sick.

God made our bodies,
and He has the power to
make them better when
they get hurt. Sometimes
we may need a doctor's
help if we are sick.

We should also always pray for healing and trust that Jesus hears our prayers and will heal us, just as He did so many people who needed healing in Bible times.

Jesus answers our prayers, and He has the power to heal us when we pray in faith.

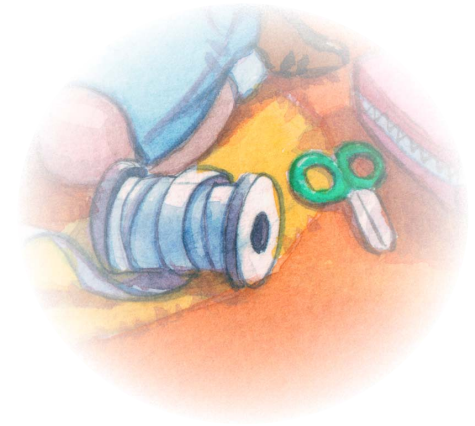

Action

Is there someone you know
who is sick and needs healing?
Take some time to pray for him
or her to be healed.
