

TRUST GOD FOR HIS CARE

There is no need to worry whether you are going to have what you need—enough food to eat, water to drink, or clothes to wear.

There's much more to life than that.

Look at the birds. They don't plant seeds and then harvest and store the seeds. Your heavenly Father feeds them.

You are very important to God, so of course He is going to take good care of you!

¹ MATTHEW 6:25-26, PARAPHRASED

Look around and count the ways that you can see God caring for you, your family, and your friends.

God works through your loving parents to help you have what you need. So be sure to thank your parents for their good care of you!

Jesus, thank You for my parents
Who lovingly take care of me.
Please bless their work and provide
As You've promised to do faithfully.
