

# I Can Shine for You, Jesus!

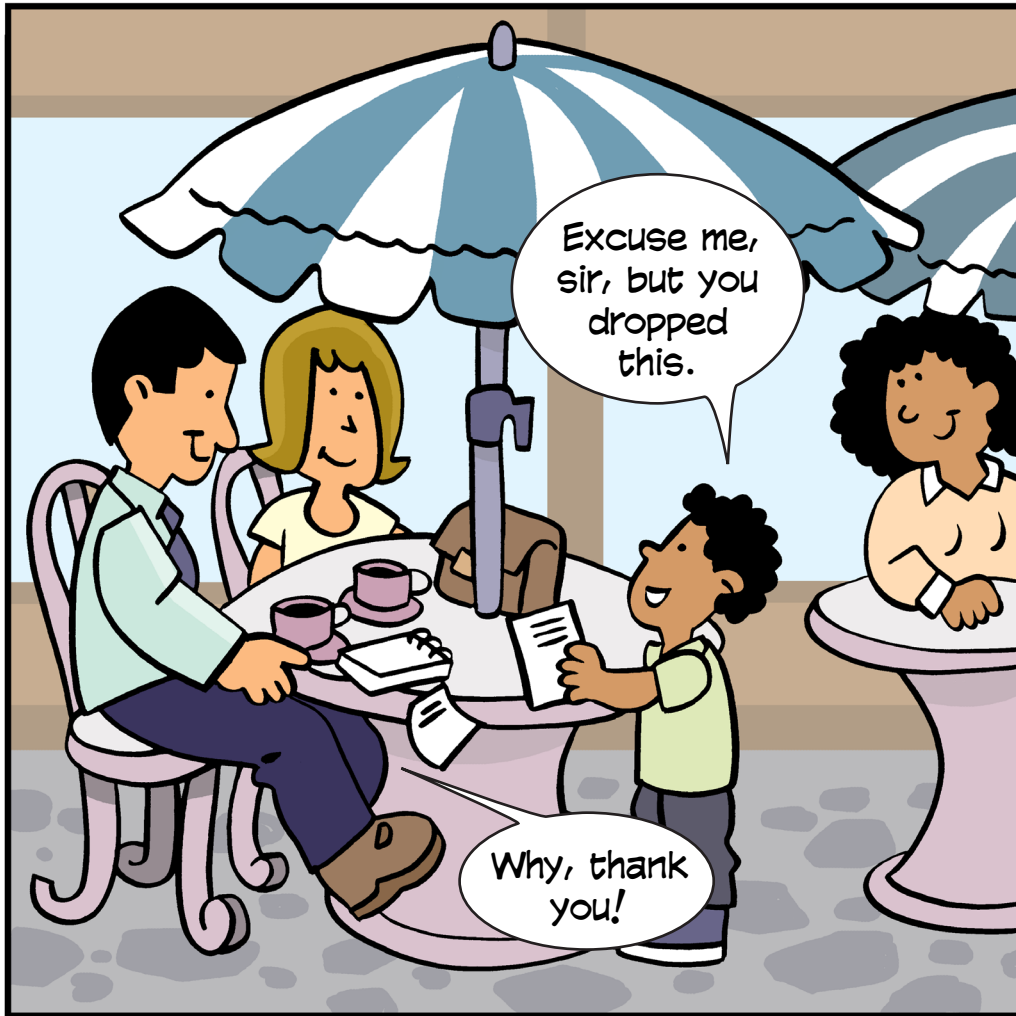

A Prayer

Jesus, show me ways that I can spread Your light and love to others. In my words and my actions I hope others can see Your light shining brightly through me.

Even though I'm small, I know that You can help me to do things for You. I can show kindness to others and remember to always put others before myself and the things I would like to do.

I want to shine brightly with Your love, Jesus. I am happy and content and I want to share my joy with others, too. Help me to listen to Your still small voice in my heart, to know who I can help and how I can lend a hand.

Thank You for filling my heart with love, and for teaching me to share Your joy with others. Amen.
