INSTRUÇÕES PARA MONTAR A GUIRLANDA DE NATAL DE PAPEL

Se planejar colorir a guirlanda, comece por colorir as ilustrações. (Obs.: Se preferir, tem abas em branco onde pode fazer seus próprios desenhos para adicionar à guirlanda.)

Recorte cada peça da guirlanda, deixando mais ou menos um ou dois milímetros em volta da linha preta.

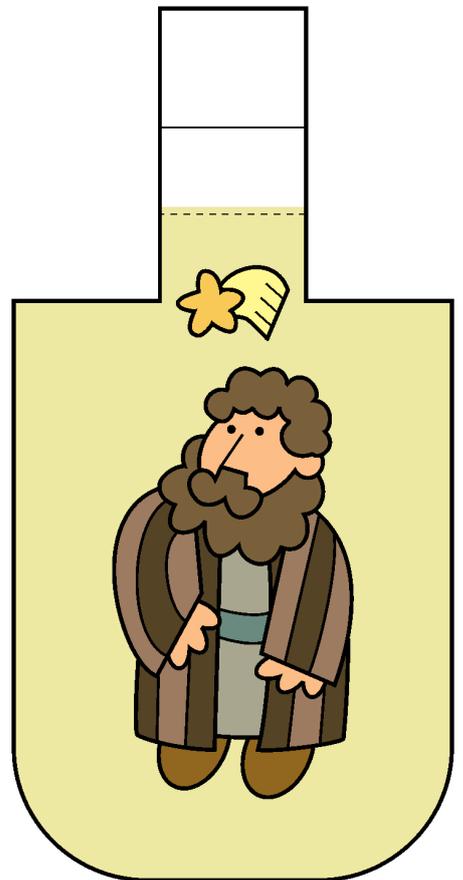

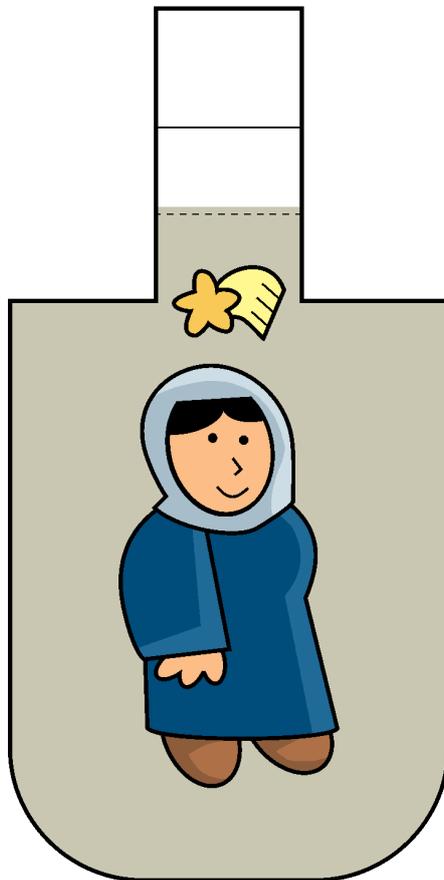

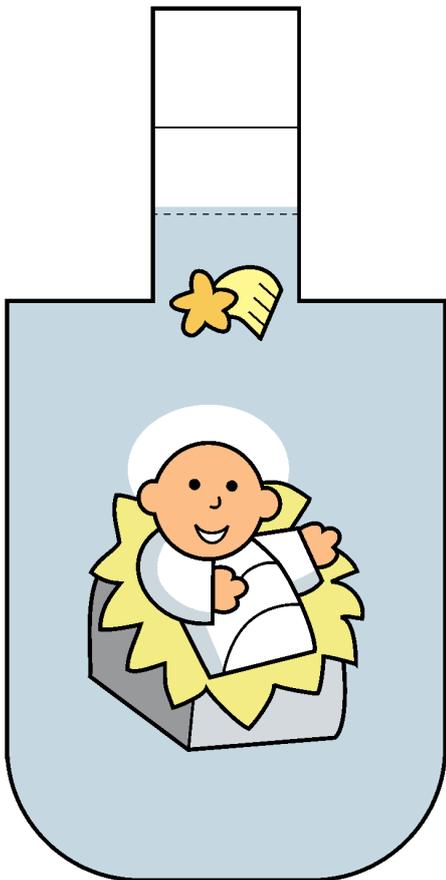

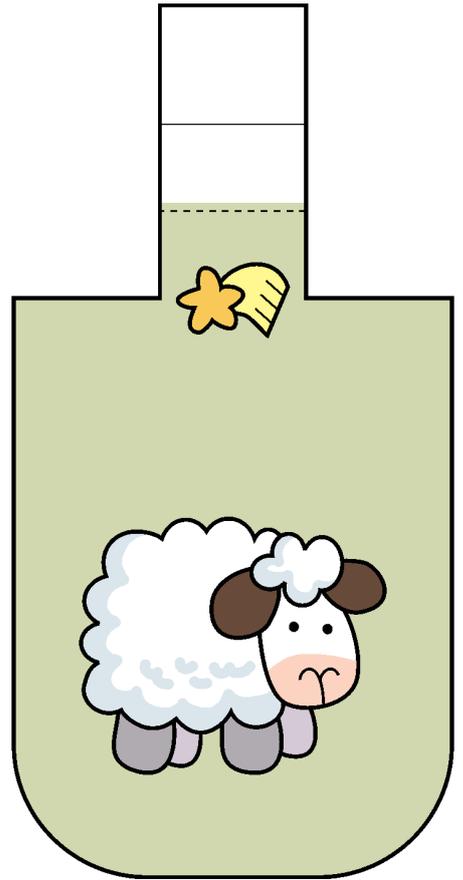

Dobre a aba e cole na parte de trás do desenho de modo a formar um anel. Para isso ponha cola apenas na ponta da aba.

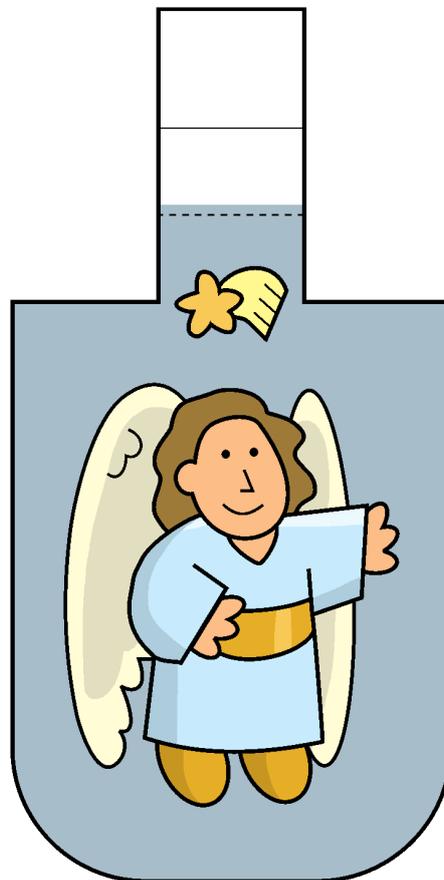

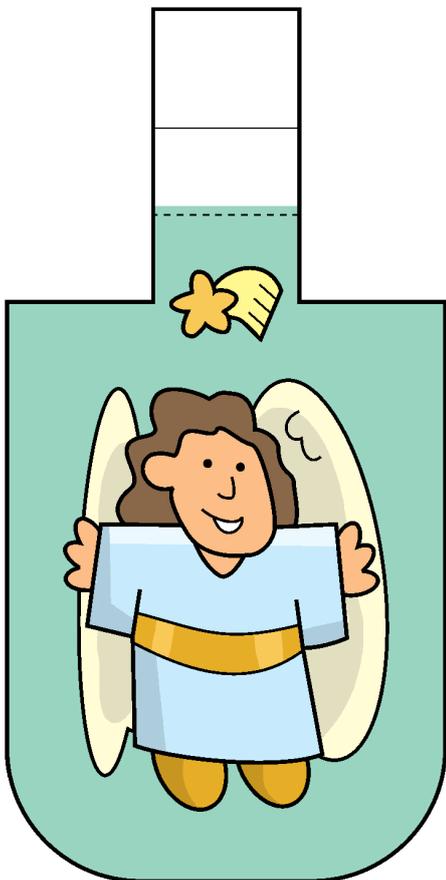

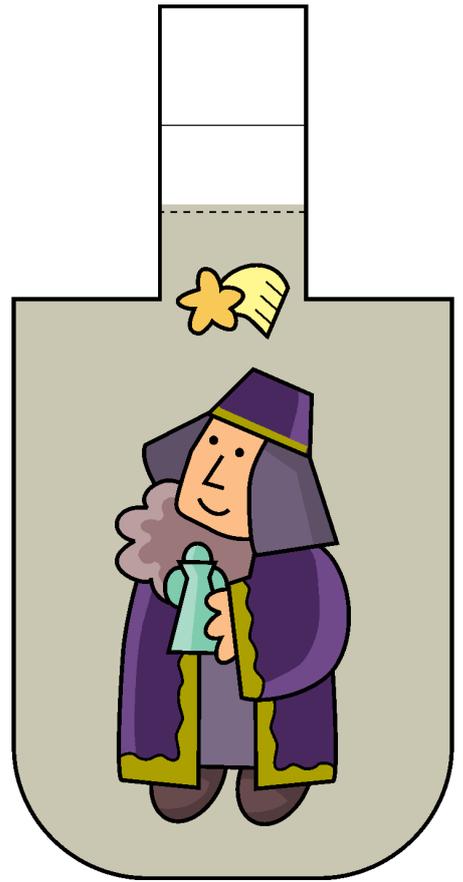

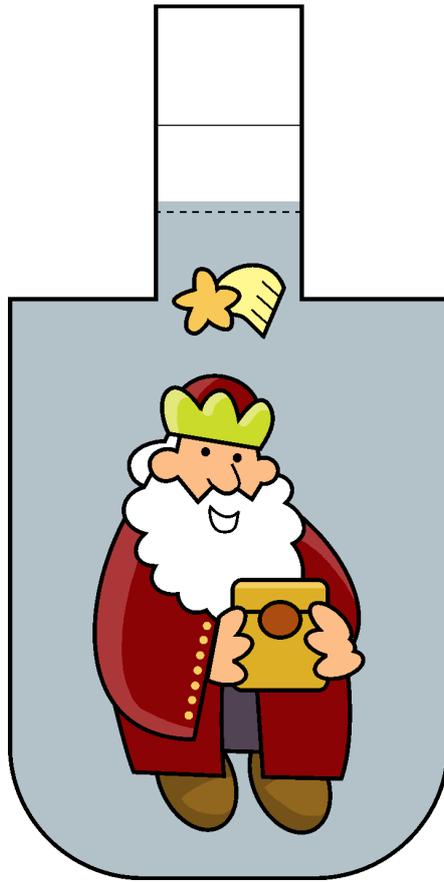

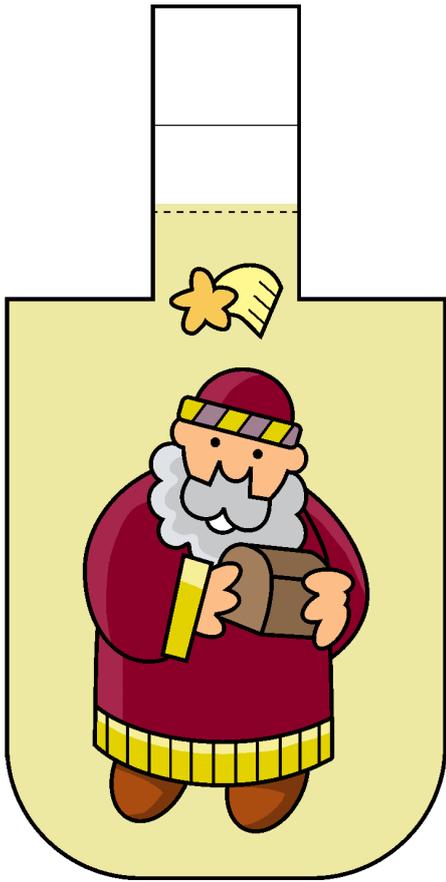

Uma vez que a cola esteja seca, passe uma fita ou fio colorido em todos os desenhos.

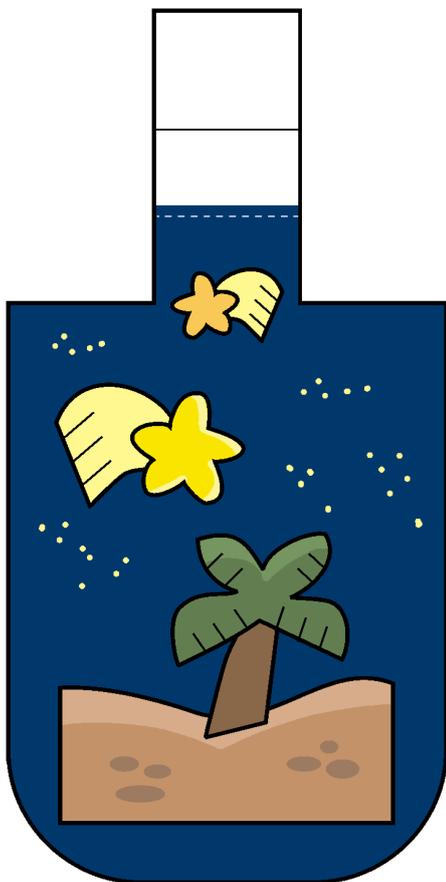

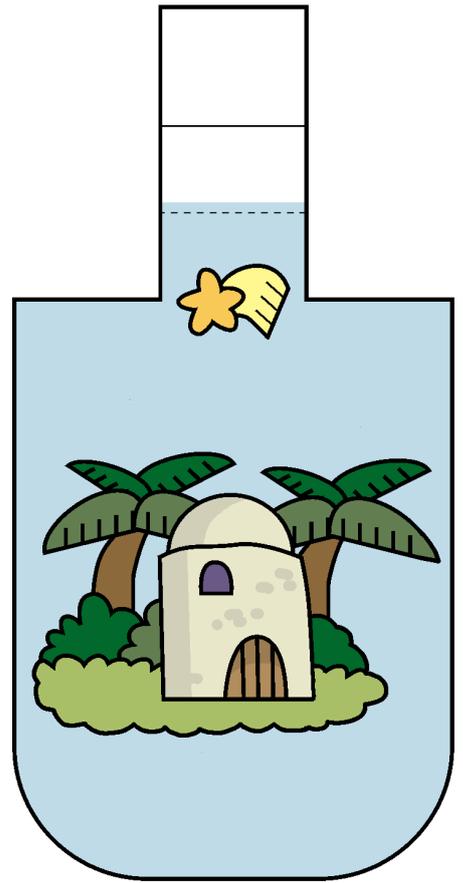

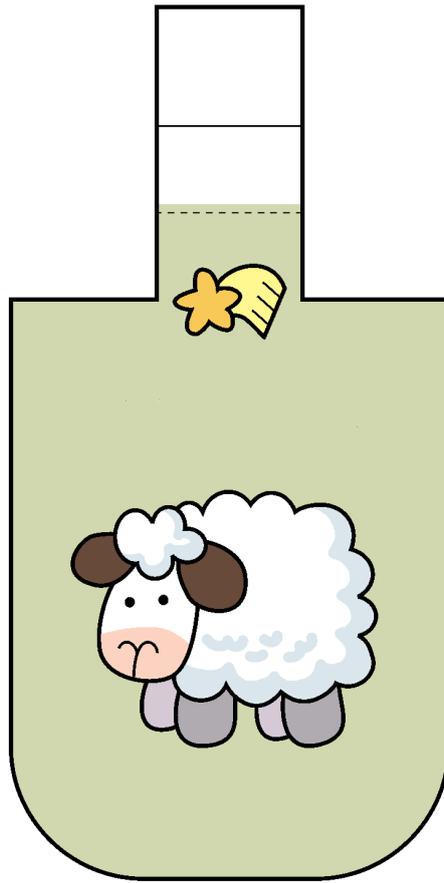

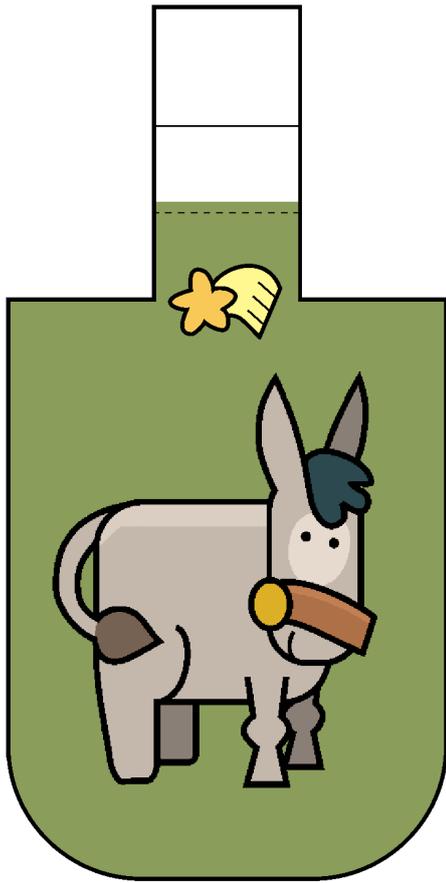

Pendure a guirlanda na árvore de Natal ou use-a para decorar sua casa.
