

In the Beginning

In the beginning, God created our world—the sun and moon and stars and planets, even the earth.

God created the plants, the trees, and the beautiful landscape. He created *all* creatures—those that live in the water, those that fly in the air, and all creatures that live on the ground.

As His final act of creation, God created the first man and woman in His own image. He placed Adam and Eve in the Garden of Eden, a wonderful place to live.

Sadly, one who worked against God, the Devil, entered the beautiful garden in the form of a serpent to lie and test Adam and Eve.

You can read these events and the full story in the book of Genesis, chapters 1–3.
